## SO Study Of Park At Lake Under Way

Recreation Possibilities For Two Counties And SWIU To Be Viewed

A new approach to the long-sought development of Horseshoe Lake as a state park was announced this week with a survey team from Southern Illinois University undertaking a study of the recreational facilities and possibilities.

H. D. Karandjic, local banker and chairman of the Horseshoe Lake Study Commission named by Gov. Kerner, said yesterday he welcomed the assistance from SIU. He predicted the development of recreation and camping sites at the lake would prove beneficial to students at the new Quad-Cities-Edwardsville campus of Southwestern Illinois University as well as to other residents of Madison and St. Clair counties.

The new survey team is headed by Prof. William Freeberg, who is chairman of the Recreation and Outdoor Management Department at SIU's Carbondale campus. The Carbondale campus utilizes nearby lakes and state parks in its programs. The possibility of the location of an airplane landing strip at a Horseshoe Lake site, said the new campus also is under study. The new campus is less than 15 minutes away by motor vehicle.

Recommendations by October  
Freeberg said his report and recommendations should be ready in October. "I've been studying the past few weeks acquainting myself with the physical aspects of the lake area, and the survey team will begin its study of present and possible recreational uses for the lake."

While conservation and recreation possibilities for the lake have been explored, there has not been too much emphasis on the aquatic sports—boating, fishing, swimming.

## Pontoon Beach Special Tax Levy Meeting Tonight

A special meeting of the Pontoon Beach village board has been called for 7:30 tonight to consider a proposal for the first tax levy to be set in the young municipality.

The meeting was requested by members of the board Finance committee, Trustees Harold McBride, Chester E. Dean and Anthony Jackson. Tuesday night they petitioned Thomas Staicoff, village president, to call the special session. The regular monthly meeting will be Aug. 27.

The finance committee has been meeting for about three weeks on the general corporation tax and appropriation ordinance. It would empower the village to collect about \$3247 in taxes for the fiscal year 1964-65. The tentative budget for the year is \$3502.

Deen told the Press-Record the special meeting was needed because of the deadline for filing municipal tax appropriations with the county. To be effective for the coming fiscal year, appropriations must be submitted by the second Tuesday of September.

Until now the village has operated without a tax levy, raising its funds through license fees and fines. Major costs are for insurance, lighting and election expenses. The village does not receive salaries.

**\$754 in Treasury**  
The village currently has \$754 in its treasury. It expects to obtain an additional \$1300 during the coming fiscal year from fees and fines. The remainder of the \$3502 budget is expected from the tax levy.

Following is a breakdown of the proposed budget:  
Bonuses for village officials—\$1500; clerk, \$15; treasurer, \$25; police marshal, \$10, and policeman, \$31.  
Expenses—\$500, attorney, \$300; police, \$1000; stationery, \$110; office supplies, \$250; telephone, \$50; electricity, \$50; a building interest, \$250.

Other expenses—publication of ordinances and notices, \$100; street lighting, \$165; insurance, \$100; printing of licenses and permits, \$50; election, \$300; census, \$50; and contingency fund, \$50.

**Starch Plant Contract Sessions Day and Night**

Negotiation meetings are being held day and night between the Union Starch & Refining Co. officials and representatives of the local area. The meetings are being held to reach a contract agreement, company spokesmen said today.

The meetings began early this week after the union last week struck to call of a scheduled strike and gave the company union a 14-day ultimatum to accept the contract. The strike was set for last Thursday but the U. S. Court in St. Louis effected a meeting between company and union officials to reach a contract agreement.

The company spokesman said today he had nothing to report on the progress of the meetings but said they are holding regular sessions during the day and at night.

Approximately 300 workers are employed at the plant. Workers are members of the Oil, Chemical and Atomic Workers Union, Local 768. Neither company nor union officials will discuss issues involved.

## Drouth Cutting Farm Crop Yields by 10% to 20%

Drouth conditions under which the Quad-Cities area has recorded less than an inch of rainfall in the last 30 days have damaged Madison county crops extensively and will continue to further reduce crop yields as long as the dry spell lasts.

Louis Bower, assistant Madison county farm adviser, estimated the area has lost 10 to 20% of its crop yield. The extent of damage will vary from field to field depending upon time of planting and other conditions, but all crop yields have been damaged by about 10% and some as much as 20%, Bower explained.

Horseradish and vegetable crop yields have been damaged to the same extent except in instances where irrigation has been applied, Bower pointed out, adding that more irrigation is done in horseradish and vegetable fields where it is more practical than with corn and soybeans.

**Survival is Amazing**  
He said it is probable that even the areas where there have been no pastures and hay crops throughout the county. Actually, Bower said, "it is amazing that the crops have not been dam-

## Venice School Budget Up \$10,953

Tentative Total of \$792,880; Education Fund Raised \$21,255

A budget of \$792,880, an increase of \$10,953 over the 1963-64 appropriation, was tentatively adopted Monday night by the Venice school board.

The budget was placed on public display in the office of Supt. John O. Piar, a public hearing was set for 7 p.m. Thursday, Sept. 10, and Board President Michael E. Leatherman, Jr. called a special meeting of the board immediately after the hearing for final action on the 1964-65 budget and for setting of the new tax levy.

If the appropriation is approved as drawn up, school officials estimate the educational fund tax rate will be 1.889 per \$100 assessed valuation, including a 20-cent increase in the educational fund tax rate and a one-cent raise in the building fund rate. Venice voters approved a maximum educational rate increase of 40 cents per \$100 valuation during a special tax referendum Saturday.

A total of 315 votes cast in the school tax election with 185 for the proposed increase of 40 cents against nine spoiled ballots. Largest proposed departmental increases are in the educational fund, \$608,271, up \$21,255, and the building fund, \$18,497, up \$401. Greatest reduction is in the bond and interest fund, \$67,984, down \$14,571.

Other tentative departmental increases include maintenance fund, \$8942, up \$221; transportation fund, \$15,984, up \$520; and parking and bus funds, \$11,500, down \$475.

A breakdown of the tentative 1964-1965 budget follows with the 1963-1964 figure given second.

**Education fund:** Administration—salaries, \$41,500, \$37,820; contractual services, \$800, \$1300; supplies and materials, \$1000, \$1000; other, \$4950, \$5000; total, \$48,250, \$45,120.

**Instruction—salaries,** \$408,057, \$389,504; teaching supplies, \$9600, \$7000; textbooks, \$9000, \$8000; library and audio visual materials, \$2200, \$2000; other (driver training, band, field trips, etc.), \$4400, \$4000; total, \$431,449, \$414,254.

**Health—salaries and fees,** \$7000, \$6000; other, \$800, \$700; total, \$7800, \$6700.

**Operation of plant—custodial services,** \$4400, \$4800; heating, \$13,000, \$14,000; utilities (water, power and telephone), \$13,300, \$14,000.

## U. S. Fixes \$494,610 Grant For GC Treatment Plant

(Special From Washington)  
Cong. Melvin E. Price announced Tuesday that the U. S. Department of Health, Education and Welfare has approved a federal grant of \$494,610 for water pollution control in Granite City.

The fund is to apply toward construction of Granite City's proposed sewage treatment plant.

The Department of Health, Education and Welfare said the grant would be used to finance a 10-million-gallon-per-day plant to include a bar-screen pumping station, force main, partial flume, a rated chamber, storage tank, service and vacuum filter building and an effluent sewer.

The announcement was official confirmation of a statement made a little more than a week ago by G. W. Klissen, chief engineer of the Illinois Sanitary Water Board, that award of federal funds for Granite City's much-discussed treatment plant project was certain since it was listed on No. 17 in a series of 30 priority cases scheduled to be reviewed by the federal aid.

It also deprives the city of the McKinley Bridge has been rejected by the Illinois Terminal Railroad, which was revealed Tuesday. The decision confronts the city with a financial problem that city officials said could, in several years, put the city in the position of being unable to meet its bond payment commitments.

It also deprives the city of the McKinley Bridge has been rejected by the Illinois Terminal Railroad, which was revealed Tuesday. The decision confronts the city with a financial problem that city officials said could, in several years, put the city in the position of being unable to meet its bond payment commitments.

Mayor in New York  
Notice that the city's plea had been turned down was sent Dr. John E. Lee, mayor of Venice, at his hotel in New York City, where the mayor and his family are vacationing this week. A notice also was sent to Robert Sherrill of Saratoga Springs, N.Y., firm that handles bridge transactions and financing. The notice stated that the city's plea had been turned down.

Mayor Lee told the Press-Record by telephone from New York this morning that the notice informed him that the railroad had turned down the city's plea that "increasing the indebtedness on the bridge is not in the best interest of the (U. S. bond issue) bondholders."

The notice further stated that the railroad had turned down the city's plea that "increasing the indebtedness on the bridge is not in the best interest of the (U. S. bond issue) bondholders."

An obligatory notice is given elsewhere in this issue.

## Smoo Budget Up \$34,000, Levy To Be Cut

Change in Weather, Change in the Pool

"If you don't like the weather, just wait a minute," is the standard Quad-Cities meteorological saying. It doesn't always happen quite that rapidly, but temperatures which dipped into the 50s and low 60s this week provided a sharp contrast from those of a week ago, when thermometers soared to above 100 degrees.

The change was especially noticeable at the Wilson Park public pool where between 800 and 1000 swimmers crowded in daily during the hot spell. Yesterday, attendance was so light the pool closed at 3 p.m.

## Save \$225,000 in Rapid Retirement Of School Bonds

The \$2,300,000 Granite City school bond issue authorized May 23 will be retired in 11 years, nine years faster than required, when additional bonds are sold to retire the issue.

Although the exact interest rate will not be known until sealed competitive bids are opened at 7:30 a.m. Sept. 16, bond retirement with the cost spread evenly over 20 years would cost \$1,005,800. Retirement in 11 years probably will cost less than \$787,800.

**Important Factor**  
Status of the federal allotment—both as to its amount and when it would be made—was an important factor in an unsuccessful attempt two weeks ago by an action of Granite City aldermen to have the federal allotment of \$1,750,000 in revenue bonds. Proponents of the private bond sale, headed by the city council's Special Committee, claimed that the amount of a federal grant and the time when it would be made were so uncertain that a specially arranged private sale of bonds to the Chicago firm of Nonard, Shovers and Murray was justified.

The private sale offer proposed issuance of \$1,200,000 in revenue bonds immediately, with a second issue of \$500,000 to be used if the federal grant was not forthcoming. If the federal grant should be substantially retained.

Before the proposal could be pushed to a final vote, developments in the treatment plant project had been reversed. A statement on the certainty of a federal grant and announcement that a lease for the plant site had been negotiated, and a general obligation bond sale to retire the private bond sale to defeat it on the council floor by a 9 to 5 vote.

Council members then voted 10 to 4 to call for competitive bids for sale of the revenue bonds.

The city has an Oct. 30 deadline, fixed by the Illinois Sanitary Water Board, for clearing away all details necessary to construction of the treatment plant, and has assured the water board that actual construction will get underway by next June.

**4 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH**

The Granite City Junior Chamber of Commerce completed last-minute plans today for a "big day and better than ever" Venice while and homecoming celebration which will get underway for a three-day stand at 5 p.m. Friday.

The homecoming will be held Friday night and during the afternoon and evening of Saturday and Sunday, on the grounds south of Tri-Mor Bowl along N. Main street. A lighter will be a colorful parade Saturday afternoon, special entertainment and a homecoming celebration on all three days and a large array of concessions, booths and games, as well as a complete carnival midway of rides and shows.

Local organizations will sponsor and handle the many different concession stands. Don Hoen, general picnic chairman, said much of the entertainment will be presented by local talent, while and homecoming celebration which will get underway for a three-day stand at 5 p.m. Friday.

One feature of the program, the appearance of a helicopter, had to be cancelled because of bad weather conditions.

**Parade Entries**  
Saturday parade will form at 24th street and Madison avenue and leave that point at 1 p.m., moving east on Madison avenue to the homecoming grounds. Heading the parade will be the police escort and the St. Clair County Police Band, followed by the chief of police and Miss Granite City, Chae Lee Parney, riding in an open car. The car will be flanked on each side and immediately followed by 25 girl baton twirlers.

Next in line will be the Junior Chamber of Commerce, flanked by baton twirlers and followed by a 12-member drill team from the Army drill team. A "Pepp" float carrying a group of youngsters will follow the drill team, followed by the St. Clair County Police Band, a complete winning organization of boys and girls. Another unit of baton twirlers will follow the band with Granite City's own "Cheerboard Squares" next in line of march.

Other units in order of their line of march include the Boy Scouts and Girl Scouts, the St. Clair County Police Band, another drill team.

## GC Education Tax Held To \$1.75, Bond Rate May Rise by 13 Cents

The Granite City school board tentatively budgeted \$7,137,926 today night for the 1964-65 year, representing a \$304,018 increase. Economies and a cash reserve will enable the education tax rate to remain at \$1.75 despite a 40-cent rate authorized by voters in May.

Overall rate increase is expected to be limited to less than 14 cents, of which 13 cents is the \$2,300,000 construction bond issue also approved by voters. The new tax rate is expected to total \$4,300,242, down \$32,477.

Levy adoption and final budget action will take place during a board meeting opening with a public hearing at 7:30 p.m. Sept. 14.

The tentative 1964-65 budget provides \$670,041 for the education fund, up \$315,534; \$451,785 for bonds and interest, same as last year; \$438,420 for the building fund, down \$31,400; \$88,190 for the municipal retirement fund, up \$14,190; and \$85,500 for transportation, up \$8384.

Supt. Russell D. Johnson and Victor E. Anderson, administrative assistant in charge of business, said the new budget reflects efforts to meet total educational needs, provide for higher enrollment, comply with the new state building code, replace old buildings and equipment, and stay within a \$1.75 education tax rate. Anderson pledged made to the public during the bond and tax election campaign.

**Higher Pay, Bigger Staff**  
Increases within the budget cover salary raises and other cost increases resulting from new agreements for all school employee groups. Also, approved has been made to add 24 teachers in preparing for an anticipated rise of 600 in the number of students.

The new levy will include initial payments on the 1964 bond issue. In order that tax funds can be collected next spring and summer, the payment of bonds will be deferred to the fiscal year ending June 30, 1965, since the first due date is Oct. 1, 1964.

The administrative staff budget exceeds designated needs by \$12,000 to allow for possible addition of another administrative staff member. The staff was reduced by one when Johnson moved up from principal to superintendent.

Biggest single change in the budget is a \$10,197 increase in transportation costs. Student and community services are boosted \$80,750 (mainly due to summer school expansion) the lunch program is up \$54,200 and transportation costs (in the education fund) are up \$25,216.

Allocation for contingencies is reduced by \$165,000, and the cost of constructing school additions is divided between the 1963-64 and 1964-65 budgets.

**Possible \$4.46 Total**  
The estimated \$1.75 education tax rate, plus \$2.66 for the bond issue, would total \$4.41.

### Accident Statistics

## Youngest and Oldest Drivers In State Defy U. S. Trend

Illinois' youngest and oldest groups of drivers are involved in a lower percentage of accidents than their counterparts nationally, Secretary of State William H. Chamberlain reported, this week.

Illinois drivers in the age range from 25 through 64 years, however, have a higher involvement record than the national average.

The comparison was made between 1963 statistics published by the National Safety Council in the August issue of "Traffic Safety," its official magazine, and Illinois figures for the same year released in May by Secretary Chamberlain.

In Illinois, the group of drivers through age 19 represents 8.05% of the licensed drivers, while nationwide, the percentage is 8.6. This group of drivers nationally accounts for 14.5% of all accidents, but in Illinois, the group is involved in only 9.2% of the accidents.

The 20 through 24 year age group accounts for 10.97% of drivers, nationally for 11%. The group's accident involvement record shows 15.3% of all accidents nationally, and 14.97% in Illinois.

Among older drivers, those in the 65 through 74 year group represent 3.8% of the drivers in Illinois, 5.2% nationally, and account for 4.5% of the accidents nationally, and 3.94% in Illinois.

The remaining age group with a lower accident involvement record is made up of those drivers 75 years of age and over. This group accounts for 1.31% of Illinois drivers and 1.5% nationally.

The accident involvement is 1% nationally and .9% in Illinois.

The figures for the other age groups are: Ages 25 through 34; percentage of Illinois drivers, 20.3; nationally, 22.7; accident involvement, Illinois drivers, 23.22; nationally, 21.9.

Ages 35 through 44; percentage of Illinois drivers, 21.75; nationally, 22.6; accident involvement, Illinois drivers, 21.52; nationally, 19.5.

Ages 45 through 54; percentage of Illinois drivers, 18.51; nationally, 17.2; accident involvement, Illinois drivers, 16.06; nationally, 14.1.

Ages 55 through 64; percentage of Illinois drivers, 12.45; nationally, 11.2; accident involvement, Illinois drivers, 10.19; nationally, 9.

### Retired Union Men Advance Club Plan

A meeting for organization of a social club for retired union workers will be held at the Labor Temple Saturday, Aug. 22 at 10 a.m. Edward Hagnauer, director of the AFL-CIO Community Services Committee, announced today.

Hagnauer said election of officers and other organizational procedure will be carried out in that meeting. Several previous meetings have been held to discuss the desirability of such an organization and Hagnauer said there has been enthusiastic response. The club is expected to start with a membership of about 30 retired workers.

A committee also is to be appointed at the Aug. 22 meeting to consider a location for a club room. The organization is to provide retired union members with a place to meet friends, renew old acquaintances, watch TV or carry out other organized activities.

### New Catholic Parish To Begin Masses Sunday

The first Sunday masses to be held by St. Margaret Mary's Catholic Church will be held at 6, 8 and 10 a.m. Sunday by Rev. A. J. Schwellenbach, first pastor, at the Wilson school, 2400 Wilson avenue.

It will mark the official separation of the parish from the Sacred Heart parish. The pastor announced that a schedule of confessions will start on Aug. 22 from 4 to 5 and 7 to 8 p.m.

Father Schwellenbach already has held meetings with parishioners and preliminary discussions on building plans have been instituted.

## GC School Hours Staggered To Cut Transportation Costs

Staggered school hours for 1964-65 were voted Monday night by the Granite City school board to keep bus transportation costs as low as possible. Supt. Russell D. Johnson is continuing talks with the Bi-State Transit System to seek further cost reductions.

Past starting times have been 8:10 a.m. at Granite City high school and the three junior high schools and 9 a.m. at all elementary schools. Dismissal has taken place at 3:10 p.m. at the grade schools and Central junior high, and 3:25 p.m. at GCHE and the other junior highs.

Variations will be as follows: 8:05 a.m. start, GCHE and all junior highs; 9:30 a.m. start, Stallings and Mitchell grade schools; 3 p.m. dismissal, Central junior high and the Lake Logan, Frohardt, Maryville and Nameoki grade schools; 3:15 p.m., Coolidge and Prather junior highs and GCHE; and 3:45 p.m., Stallings and Mitchell.

**\$22,000 Difference**  
Estimated cost is \$155,883, compared to \$177,883 for uniform starting times (20 morning and 25 afternoon buses, compared to 30 morning and 25 afternoon buses). Johnson is seeking a further reduction of \$2,996 as a "volume discount" on the basis that Granite City is the largest school contract handled by the transit system.

At the request of the school district, Bi-State had developed three alternate plans, all calling for staggered starting times. The other two cost \$156,035 and \$164,748 and involved starting schools and times that were not recommended by the superintendent and accepted by the board.

The two plans not chosen in

cluded opening the high school at 7:30 a.m., with some students picked up as early as 6:20 a.m.

**Adjustments Planned**  
Supt. Johnson was authorized to make minor adjustments in the bus schedule at his discretion. Robert Spengler opposed the plan in a 5-1 vote, with Dr. E. W. Walton absent.

Spengler said fringe bus services discussed by the board should either be continued or dropped; discretionary authority will invite pressure from the neighborhoods affected, he said, with any subsequent yielding to such pressure weakening the force of all later school decisions.

Marginal services not yet decided include lunch hour transportation, departures from principal thoroughfares, and inclusion of neighborhoods close to schools but faced with special bus problems.

Provision of shelters for students waiting for buses was discussed briefly, with no action taken.

**Fee To Replace Passes**  
In other business, the board decided to charge \$1 for each bus pass after the first pass issued to each child. The \$1 fee will be billed today. The first pass is issued and the replacement pass is turned in.

Passes have been given to eligible high school and junior high bus riders for a number of years.

The charge is intended to reduce carelessness and also to curb the seasonal shortage of buses with non-eligible riders, such as friends from other parts of the community accompanying a student to his neighborhood.

**IMA Says Bill Would Wipe Out Tax Gains**

A bill now pending in the U. S. Senate calling for substantial increases in Social Security benefits would, if passed, wipe out the financial gains which workers have realized from the recent cut in income taxes, the Illinois Manufacturers' Association claimed today.

In a statement to the U. S. Senate Finance committee this week, the IMA said the bill now pending before the committee would increase the Social Security tax by 17 1/2% and cost more than \$2,500,000,000 per year. Pointing out that income taxes were reduced to increase purchasing power and to bolster the national economy, the IMA said that the Social Security which is deducted from employees pay checks is, for a larger number of people in the country, a larger bite out of their pay checks than the income tax which they pay. These are the same people the tax reduction bill is intended to help. Their taxes would be increased substantially instead of reduced.

The IMA said "repeated increases and extensions in benefits could very well endanger the whole Social Security program by adding additional costs which might jeopardize the availability of benefits in future years for those who are really in need and who have been paying into the fund for many years."

**VAC Office Here To Be Closed on Aug. 19 and 26**  
Walter S. Holtgreve, superintendent of the Veterans Assistance Commission for Madison County, will not be in the Quad-Cities on Aug. 19 and 26 due to the vacation of his secretary.

Holtgreve normally maintains an office at the YMCA each Wednesday from 9 a.m. until noon, but will remain at the Edwardsville office in the court house on those two dates.

**Consumes Tranquilizers**  
A 16-year-old Granite City girl who consumed an unknown quantity of tranquilizers, was admitted to St. Elizabeth Hospital, Monday, at 11:35 p.m. She was kept overnight for observation and released the following day.

**Mrs. Streib, 76, Dies After Year's Illness**  
Mrs. Martha Naomi Streib, 76, of 2537 North 2nd, a resident of Granite City for 24 years, died at 4:30 p.m. Tuesday at St. Elizabeth Hospital of a heart attack. She had suffered from a heart ailment for a year and had been hospitalized most of that time.

A native of Dixon, Mo., Mrs. Streib lived in St. Louis before moving here in 1940. She was a member of St. Joseph's Catholic Church. Her husband, Frank, died in 1955. A daughter, Mrs. Margie Love, died July 21. She is survived by two daughters, Mrs. O. C. (Bertha) Femmer and Mrs. Walter (Virginia) Griffith, both of Granite City; three sons, Henry of Granite City, Charles of Pleasant Hill, Ill., and Victor of St. Louis; 15 grandchildren and 14 great-grandchildren.

An obituary notice is given elsewhere in today's issue.

**Some Damage to Two Cars**

The left rear ends and tailpipes of two autos were damaged at 10:30 a.m. Wednesday on 21st street between Adams and Benton streets as Ernie Barlow, 74, of 2132 Adams street, placed his car in reverse and struck one owned by Roy F. Spense, 26, of 1003 Greenwood street, Madison, while it was parked.

**Hit-Run Driver Escapes**

A car owned by Steve Seka, 1402 Washington avenue, parked at 109 Kirkpatrick Homes, was struck in the left rear by another car which left the scene at 12:45 a.m. Tuesday. Seka located the other car, which had damaged to the right front, at 24th street and Washington avenue, but it was gone when the police officer arrived.

## War I Barracks Anniversary Banquet to be Held Saturday

More than 200 delegates are expected to attend the tenth anniversary celebration of the founding of the Department of Illinois, a state organization of World War I Barracks and Auxiliaries, which is slated for this Saturday at the VFW hall, 2021 Washington avenue.

Hosts for the six o'clock dinner and social affair are Barracks 34 and Auxiliary, whose members reside in the Quad-Cities and surrounding communities.

Principal speaker will be Emmanuel Levy of Fort Wayne, Ind., a past national commander, who assisted in organizing the Departmental level in Illinois. Other distinguished guests will include Lewis Brack of Mount Vernon, who is to serve as master of ceremonies, and Tony Robinson of Peoria, who will address the gathering. Several past state commanders and auxiliary presidents are expected to speak.

In charge of arrangements are Mrs. Kathryn Fellers, William Breidenbach and Joseph Bergrath, members of Barracks 34 and Auxiliary.

The Illinois Department, which was founded in the Quad-Cities, was the second such group formed on a state level, with Indiana initiating the practice one week prior to Illinois.

World War I Veterans' Barracks now number 155 in Illinois with 80 auxiliary groups. The local Barracks became the tenth one started in the state. Following the celebration Saturday night, a Fourth District meeting is scheduled for Sunday at the VFW hall, with a pot luck dinner arranged for the noon hour for the district's men and women groups.

## Father Gets 6 Months For Stabbing Son, 17

Ralph L. Slayton, 50, of 2021 Washington avenue, was sentenced to six months on the state prison farm at Vandalia Wednesday afternoon by Magistrate Gasparovic after pleading guilty to an aggravated battery charge. He was arrested at 10:35 p.m. Monday after stabbing his son, Charles Slayton, 17, with a knife during a family dispute.

The youth was treated for a wound in the side at St. Elizabeth Hospital and was released the following day. Police were unable to find the knife.

Slayton was held in the city jail under \$5000 property bond. The case was tried as a misdemeanor rather than a felony on the advice of Joseph Bartylak, assistant state's attorney, who noted that under state law covering aggravated battery he could have been tried under either one.

# Clark Explains Straight Vote for Representatives-at-Large

It will be possible for a voter to vote a straight party ticket for 118 candidates and then switch to the other party and vote for 29 additional candidates at the "representative-at-large" election to be held next Nov. 3, William G. Clark has held.

Clark's opinion warned, a voter's ballot will not be counted if he indicates an "intention to cast more than 177 votes," Clark's opinion said. Clark's opinion said, Clark's opinion answered a query from Secretary of State William H. Chamberlain.

Clark's opinion further held that when a vacancy occurs in the nomination of a Representative in the General Assembly, the name of the person appointed by the State Central Committee to fill the vacancy will occupy the same place or position on the ballot as the candidate who created the vacancy.

Clark also has ruled that the county clerk or board of election commissioners in a county and not the state election board has authority to determine the position of the political party columns on the ballot at the representative election. A statement relating to the number of representatives in the General Assembly to be elected should be printed in each political party column.

A write-in candidate for public office in order to qualify himself as a candidate must within 30 days after the canvass file the non-communist oath and a statement of candidacy. Failure of a write-in candidate to

qualify would create a vacancy in the nomination.

Atty. Gen. Clark has acted to guard against violence stirred up by "well organized extremist groups" in resolving civil rights issues by instructing his 85 field assistants to do all possible to prevent "extremism and intimidation" in this area.

Clark mailed to each of these

## Red Cross Adds Teletype Communications Service

The Tri-City chapter of the American Red Cross is beginning a new teletype service to augment its telegraph contacts. It was announced during a monthly board meeting Tuesday afternoon at First Granite City National Bank. By calling South Air Force Base the local chapter is now linked with Red Cross offices throughout the nation, it was explained.

Chairman Gerald Walters presided and Mrs. Ruby Overbeck, executive secretary, reported \$805 financial aid and 144 contacts in July, including 35 Army Depot personnel. The past month's activities included attending 13 emergency leaves.

## Barry Jeffers Enters Navy Officer School

Barry N. Jeffers, chief aviation ordnanceman, son of Mr. and Mrs. William P. Jeffers, 1809 Bremen avenue, is attending pre-flight school at the Naval Air Station, Pensacola, Fla. During the 16-week training, he will study aerodynamics, mathematics, physics, naval orientation, navigation, engineering, leadership, and other subjects essential to becoming a navy officer.

Upon completion of the course he will be commissioned to attend further flight training at Pensacola.

## Navy Blood Donor

Jimmie D. Holland, son of Mr. and Mrs. James P. Holland, 1516 Fourth street, Madison, was one of a group of men from the crew of the destroyer USS Holder who recently responded to a call from the Canadian Red Cross in Montreal for blood donors. Holder returned to Norfolk, Va., in late July.

## Boy, 11, Missing Three Days, Found by Parents

Robert Lee Turner, 11, son of Robert Turner of 3136 Carlson avenue, was back home today after he had been reported missing for three days. The boy disappeared about 5 p.m. Monday while his father and stepmother were in St. Louis. The boy's family located the youth, who had been the object of a search by city county and state police, after a woman called their home and said she had seen the boy near the "Tri-City Bowl."

The youngster said he had been sleeping in a clubhouse owned by several boy friends and had eaten nothing but green apples. A new bicycle, a birthday present to the boy's sister, which he had taken with him when he left still was missing, however, the boy said it did appear from near the clubhouse where he left it.

## Former Resident to Conduct Two Services

Bruce W. Hill of Miami, Fla., a former resident of Madison, and an evangelist singer, will conduct two services at First United Presbyterian Church in Madison Sunday at 11 a.m. and 7:30 p.m. The public is invited to attend.

Mr. Hill, who is accompanied by his wife, is spending two weeks here at the home of his wife, Roy Hill sr., 1663 Third street, Madison, and with other relatives.

## Child Aided by Father

Gregory White, seven-month-old son of Mr. and Mrs. Everett White, 2433 Angela drive, was not treated at St. Elizabeth Hospital or the Children's Hospital. White advised the Press-Record this week. The child is 17 carboard matches Aug. 8 and his father was able to cause him to vomit at the local hospital, she said.

## Schools Studying Bids on Candy, Soda Machines

Bids on operation of soda and candy vending machines for city schools are being studied, and a decision is scheduled for the Aug. 24 board meeting.

The bids will be analyzed in more detail by the administrative staff, which also will submit an evaluation of present, post-milk and icing procedures. A delay until two or more sets to have been obtained proved successful in regard to electrical work and door canopies, it was reported.

However, no more plumbing bids could be obtained, and Amco Plumbing & Heating Co., Ricks, Tony and Diane, his parents, Mr. and Mrs. Charles Earhart, of Dover; two brothers, Lode of Granite City and Charles Jr. of Dover; and three sisters, Mrs. Christine Hamm and Misses Wanda and Shirley Earhart, all of Dover.

## 99-Year-Old Resident Always a Hard Worker

Awaiting her 100th birthday in February, Mrs. Nettie Willis, 2102 Missouri avenue, has always told friends she owes her longevity to hard work.

Mrs. Willis, who was born in Logan county, Ky., 89 years ago, resides with her daughter and son-in-law, Mr. and Mrs. Floyd Naylor. Mrs. Naylor is the only one of her six children still living. She has 16 grandchildren, 47 great-grandchildren and at least 15 great-great-grandchildren.

She also lived in Todd county, Ky., before moving to Granite City in 1944. Her first husband died in 1908, while her second died in 1925.

Her daughter says Mrs. Willis never had any particular formula for long life, "but she was never satisfied if she wasn't working around the house." She felt ten years ago, breaking her hip, and has not been able to walk since. "She is still pretty cheerful and alert," Mrs. Naylor said.

## Democratic Caravan to State Fair Set Aug. 20

All Democratic club, committeemen and the Democratic Central committee in Madison county are sponsoring a motorcade to the Illinois state fair on Aug. 20, Governor's day, in honor of Gov. Otto Kern, candidate for re-election in the Nov. 6 general election.

Persons interested are being required to join the caravan at Livingston on Highway 66 at 9:30 a.m., from where it will proceed to the state fairgrounds. About 200 cars are expected to participate.

The county central committee is offering a \$50 cash prize for the best decorated car.

## Sudden Stroke Fatal To Harlen Earhart, 35

A Granite City father of five small children was found dead Tuesday night of an apparent cerebral hemorrhage after from the Hoyt Metal Products Co. plant where he worked.

Harlen L. Earhart, 35, of 2104 Numeok road, was pronounced dead at the scene about 10 p.m. Tuesday by Deputy Coroner Henry Pieper. He was found a short time earlier at the rear of 1600 Cleveland built by a 16-year-old girl who lives in one of the second-story apartments at the address. Pieper said he may have been stricken while awaiting friends and then sat down to rest. An inquiry will be held.

Earhart was hospitalized in February with what was believed to have been a minor cerebral hemorrhage. A resident of Bumpus Mill, Tenn., he resided in Dover, Tenn., before moving to Granite City 17 years ago. He had been a machinist at the Hoyt plant for

He is survived by his wife, Orlean; five children, Dale, Ronnie, Ricky, Tony and Diane; his parents, Mr. and Mrs. Charles Earhart, of Dover; two brothers, Lode of Granite City and Charles Jr. of Dover; and three sisters, Mrs. Christine Hamm and Misses Wanda and Shirley Earhart, all of Dover.

An obituary notice appears elsewhere in today's issue.

## Inquest Friday for GC Man Killed in St. Louis

An inquest into the death of Elbert White, 49, of Granite City, who died of injuries received when he was struck by a hit and run driver in St. Louis is to be held in the St. Louis coroner's office Friday at 10 a.m.

White, whose address is listed by police as the corner of 10th in the 2100 block of Louisiana avenue, was injured at 1800 Broadway St. in St. Louis, when struck by a southbound station wagon. Witnesses said a heavy docket of cases, the St. Louis coroner's office said.

He was taken to Truman, Ark., where funeral services were held Tuesday morning. He is survived by a son, Larry White, 2308 East 20th street; a daughter, Mrs. Marion Bernthal of Booneville, Mo., and a son Ronald, in service.

The case was scheduled for inquest hearing Wednesday morning but was continued because of a heavy docket of cases, the St. Louis coroner's office said.

## Three GC Motorists Lose Driving Privileges

A revocation and two suspensions of driver's licenses involving three Granite City motorists were announced today at Springfield by Secretary of State William H. Chamberlain.

The revocation was for William C. Price, 2140 Illinois avenue, for reason of driving while intoxicated. The suspensions were for Gary D. Ayers, Rural Route One, for reason of three traffic violations and for Brett E. Bjorkman, 2319 Waterman avenue, for driving while his license or permit was revoked or suspended.

**TWO WAYS TO SCORE**—crawling and the more conventional running method—were exhibited last night by Springfield's Sky Rocket-Wagoner entry in the Illinois state slow-pitch softball tournament at Wilson Park. ABOVE: Sam Sutton of the capital city team uses all fours to score during a nine-run rally in the sixth inning. Meanwhile the ball bounces away from Union Star catcher Bob Cantlon as John Lampros, next Springfield batter, watches. The crawling was contagious — Lou Johnson, who followed Sutton in, also slipped and had to crawl to the plate. BELOW: Springfield's Mike Landrigan, keeping his sweat-soaked spiff, zips across the plate with arms spread wide in the fifth inning while Cantlon waits in vain for a throw. Springfield won 13-8.

## Five Games in State Slow-Pitch Liberty Home, KMB Win Openers

Liberty Home and Kirchner-Madison Bowl, two pre-tournament favorites, were among five winners last night as the Illinois Amateur Softball Association's state slow-pitch softball meet began at Wilson Park.

The 26-team single-elimination tournament continues with games tonight, tomorrow night and Saturday afternoon and night with the semifinals and championship game scheduled Sunday night. Of the original entries in the second annual event, 19 were from the Quad-Cities.

Liberty Home bombed Hope Lutheran 24-3, starting with a seven-run first inning. The Tavern League leaders pounded 22 hits including home runs by Decho Angeloff, John Kipp and Norm Meyer.

Clayton "Jug" Harrison smacked four hits while Ralph Morris, Angeloff and Meyer had three each. Angeloff and Harrison each scored four runs. Frank Modrusil pitched the victory, allowing seven hits, one a homer by Jim O'Master.

**Hits Two Home Runs**  
Kirchner-Madison Bowl led all the way in a 16-7 triumph over Niedringhaus Methodist. Bob Jones slammed a three-run homer to give KMB a 4-0 advantage in the opening inning and later cracked a two-run roundtripper in the fourth.

Jones and Bob Ketter, both had three hits with Larry Williams chipping in with a seventh-inning home run. Irvin Stilet had two of the 10 Niedringhaus hits off pitcher Bob Patrick.

The only non-Quad-City team in action last night, Sky Rocket-Wagoner of Springfield, rallied with nine runs in the sixth inning to defeat Union Star 13-8. The visitors had 10 of their 18 hits in that inning as they broke a 4-4 tie.

John Lampros had three hits and Lou Johnson homered for Springfield, with Scotty Clark doing the pitching. Jack Fisher had three hits for Union Star. Fisher had a triple, double and single.

**Rally In Sixth Inning**  
Lillian's Grill eliminated Union Electric 6-3 by scoring four runs in the sixth inning. The runs scored on singles by Garland Horn and Jack Cooper and doubles by Bill Fowler, Terry Casy and Lloyd Judge. Cooper and Casy finished the game with three hits apiece.

Winner Wally Orr allowed nine hits, including a solo homer and single to Jim Williams and

### Altwood Leaves I-C, Six Games Forfeited

Altwood dropped from league standings include all games by Altwood through end of season.

**Sunday's Games, 2:30 p.m.**  
St. Clair of Peoria  
Collinsville of Troy

Altwood's Flyers, beset by financial troubles, have dropped out of the Southwestern Illinois Junior City Baseball League, according to Vernon Lucas, president.

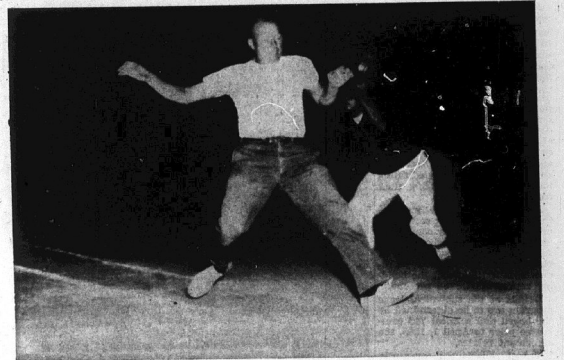

Lucas said official action on the withdrawal will be taken at a league meeting at 8 p.m. tomorrow at the Collinsville VFW. The meeting will also be the final time for teams to add players to their rosters.

Altwood, a team named for Alton and Wood River, played its games at Roxana. It had forfeited its games on the past three Sundays. The Flyers also forfeited a game May 17 to St. Clair Heating of East St. Louis.

Lucas said manager Bob Hewitt is expected to withdraw his team in a letter to be considered at the meeting. Through last Sunday, the team had won only two of 15 games, those victories over Troy and Peoria.

All six remaining games—two with St. Clair and one each with Sacred Heart and Mercer Funeral Home of Granite City, Troy and Peoria—will be forfeited, Lucas said. Sacred Heart was to have visited Altwood Sunday.

Although Lucas said the forfeits will not be awarded officially until the day of the scheduled games, standings including those future forfeits—at least for the present—give St. Clair

**TAGGED OUT** at first base in the first inning last night was Gil Gilliland, centerfielder for Hope Lutheran, who had grounded to Liberty Home shortstop Ralph Morris. Making the tag is first sacker Clayton "Jug" Harrison, who was pulled off the bag by the throw. Liberty Home won 24-3 in the state slow-pitch contest.

### Sportettes Capture Two League Contests

Venice Sportettes downed two Girls' Twilight Softball League opponents this week and will complete their season tomorrow night at Maryville.

The team finished second in the league standings with Alton's Jackson Lakers winning with a final 25-3 record. With one game left, Venice stands 23-4 followed by Collinsville (20-8) and Caseyville and Wood River, both 14-14.

The Sportettes broke a 3-3 tie in the last inning against Belleville when Janet Fritz singled and Diane Cotter lashed a home run to win the game. Bonnie Huber pitched a one-hitter but walked eight.

Huber came back with a two-hit gem last night as the locals trounced Cahokia 17-2. Hardie Chase homered for Venice.

Venice will entertain either Caseyville or Wood River at 8:30 p.m. Monday as the league play-off starts on Wednesday night. Collinsville plays at Alton, with the winning teams beginning a best two-of-three championship series on Aug. 21.

In 1939, there were three Little League teams; in 1963, there were 33,180 with an estimated 1.25 million players.

## THE MADISON COUNTY SPORTSMAN

By DON HASTINGS  
County Conservation Officer

Last week I took a break from writing this column and had a chance to look at the squirrel season a bit. Quite a few hunters were in the woods opening day but few did real well. I have yet to check a hunter with the limit, with four the best kill so far.

Some hunters made the mistake of getting out in the morning and the hot weather caught them before they had a chance to kill out.

Where's the best place to hunt? There seem to be a lot of answers. First, creek bottoms furnish the longer day for hunting as it seems to stay cooler longer there. As for diet, however, the squirrels seem to be enjoying acorns and trying about everything that is good.

Several squirrels were seen eating the fallen grain in wheat stubble, one dropped a nut, and one ate walnut almost on my head and several hunters report them sampling hickory nuts. The latter is a good bet to watch since there are probably more squirrels killed from hickory nut trees than any other.

They have also been sampling hedge apples, wild cherries and what blackberries are left. Some nibbling on corn has started but with the drought, the corn does not seem to be right for them yet in most fields.

Most hunting has been confined to the mornings as the evenings just don't cool off enough. It is strongly urged that every caution be taken in the woods and cigarettes with timber and pastures tinder dry.

**State Fishing Contest**  
Along with the digest of hunting laws all clerks in the county are receiving posters concerning the fishing contest that the Department of Conservation is sponsoring. If you haven't a license, fish be sure and check and see if it will qualify. The rest of the fishing news is very dry, the catch of 25 channel cat on night floats was rumored but our personal try at this provided only two small ones.

**Spengler-Dawes Splits Classic Games, Falls Behind KMB in Battle for Title**  
Spengler - Dawes rebounded from a 9-6 upset loss to Granite City Steel Credit Union to defeat Union Electric 5-4 in Classic League softball Tuesday night at Wilson Park.

The split leaves Spengler-Dawes (8-3) percentage points behind Kirchner-Madison Bowl (7-2) in the pennant chase. All Classic teams play 12 regular season games.

Spengler-Dawes scored five runs in the fourth inning to take a 3-0 lead but Credit Union scored twice in the fifth and four more times in the seventh.

Winning pitcher James Jones, who allowed seven hits, drove in three runs with a homer and double. Harold Tankley, George Grove and Lynn Cook also had two hits each for Credit Union.

Two runs in the top of the seventh enabled Spengler-Dawes to beat Union Electric. The tying run scored on a four-base outfield error on Grant Paloma majian's fly and the leading run scored on a two-out double by pitcher Steve Schardon and Jack Sealtich's triple.

Jim Williams homered for Union Electric and allowed the winners just five hits. In the third inning, Spengler-Dawes' Frank Hildeg reached first on a force out, then stole second third and home.

In the other game, Union Electric trimmed the Oilers 8-0 on the three-hit pitching of Mary Voyles. The Electricians had nine hits, including three by Bob Austin, and took advantage of nine walks and three errors.

Harold Brown, Granite City park district director, announced that two more regular season playing dates remain for the Classic League.

Next Tuesday's schedule includes a 6:30 p.m. doubleheader between Union Electric and Credit Union and a 9 p.m. contest with Spengler-Dawes and Kirchner-Madison Bowl in which the latter team could clinch at least a tie for the championship by winning.

On Saturday, Aug. 22, KMB plays Union Electric at 7 p.m. and the Oilers at 8:15 p.m. At

### Khoury Playoffs Slated Saturday

Seven teams, most ever to advance to the out-of-zone Khoury League boys' playoffs, will represent the Madison - Venier Khoury League in games Saturday.

In Juvenile Division play, the St. Mary's Vikings meet Sorensen (Bond county) at 2 p.m. at Madison's No. 2 diamond.

Midget games put Sedlak's Pirates at Bunker Hill (Macoupin county), St. Mary's Saints at Gillespie (Macoupin), the Madison Lions at Millstadt (St. Clair county) and the American Legion Eagles against Benig (Macoupin) at Madison No. 3, all starting at 2 p.m.

In the Bantam Division, Rozycki's Cardinals play Millstadt at 2 p.m. on Madison No. 4 and the Madison Police visit Benig at 1 p.m.

To advance to the St. Louis Khoury finals, the local teams must win three more games.

**Park May Charter Bus to Grid Game**  
Tentative plans to charter a bus for the annual Cardinal Glennon benefit football game at 8:30 p.m. Friday night, Aug. 21, at Busch Stadium were announced today by the Granite City park district.

Harold Brown, director of parks and recreation, said the bus will be chartered only if 33 reservations are received by regular fundraising hunting season Monday. Cost will be \$5 per person, this would mean that you for ticket and transportation.

The game will be the first home appearance for the Cardinals since taking a 21-14 victory to Atlanta. Their National Football League opponents will be the Baltimore Colts, who haven't appeared in St. Louis since taking a 21-14 victory from the Big Red in the 1957 season. In past years in the Reservations may be made by calling the park office, TR 7-3059.

While training hounds, remember you cannot carry a firearm or harm the raccoon in any way. Violations concerning the carrying of firearms while training hounds has been a problem in past years. If you fall and I would appreciate being called immediately if any of the hounds become belligerent or discharged in the woods at night. Most all coonhunters want this stopped as it constitutes a threat to their sport.

**Bellemeore Nabs 35 & Over Lead With 21-19 Win**  
Bellemeore Sporting Goods won a high-scoring duel from Jacobsmeyer's 21-19 Monday night and jumped into a half-game lead in the 35 & Over League's slow-pitch softball race. Bellemeore has an 8-3 record to Jacobsmeyer's 7-3.

The teams slugged a total of 20 hits in the game, 20 by Bellemeore and 21 by Jacobsmeyer's. The latter team led by scores of 8-3 and 12-10 but finally fell behind (17-12) in the fifth inning.

At the front of the hit parade was Bellemeore's Millard Schwerdtfeger, who went 3-for-3 with two doubles. Teammates Babe Amelung and Gus Lignoul had four hits each and Andy Timmer had three.

For Jacobsmeyer's, Stan Serwafsky cracked two homers, a triple and double; John Allen hit safely four times with a homer, and Harry Taylor had three hits.

Pat Patterson was the winning pitcher.

In the first game, VFW Post 5300 took an 11-6 decision over Local 16. Carl Harrison and Nick Petrillo paced the VFW with three hits each and John Ludden went 3-for-3 for Local 16. The loss left Local 16 (2-8) on the cellar, a half-game behind VFW.

**Entries Being Accepted For Labor Day Tournament**  
Entries are now being accepted for the Granite City park district's annual Labor Day slow-pitch softball tournament scheduled for Sept. 2-7 at Wilson Park.

Fee for the single-elimination event is \$12.50 per team. Managers may register their teams at the Wilson Park office.

### Granite Cityans Bow In Junior Golf Meet

Jimmy Dunn of Granite City, who upset the medalist Tuesday, bowed out of the St. Louis Metropolitan Junior golf tournament yesterday at Forest Park.

Dunn shot a 78 to qualify for the championship flight, and then defeated medalist Rick Carney (72) 1-up as match play opened in yesterday's third round; however, he lost 2 and 1 to Phil Nunn Jr.

Also bowing out in the third round was Granite Cityan Gerald Karandjeff, 5 and 4 loser to Ed Kraft. Pete Kiehnner, former Granite City high school standout, won his third round match but lost 2 and 1 in the quarterfinals to Bob Nieberding.

The local representative in the A Flight, Terry Tessary, lost 3 and 2 to Charles Morgan Tuesday.

### E. C. Dexheimer Dies, Former Engineer Here

**Myrl Alexander Named  
U. S. Prison Director**

Myrl E. Alexander, 54, professor of sociology at Southern Illinois University, who is known to a number of Quad-Cityans through his work in aiding a county commission review study jail needs at the county seat, has been named director of the U. S. Bureau of Prisons.

Alexander is a 30-year veteran of the bureau and was named director in an announcement by Atty. Gen. Robert F. Kennedy. Alexander succeeds James V. Bennett, 70, who will retire late this month.

Earl C. Dexheimer, 73, of Normal, Mo., a former employee of the Nesco Co. here, died at 5:30 a.m. Wednesday at DePaul Hospital, St. Louis.

He was employed here for 29 years as a ceramic engineer from 1924 to 1953 and then served as consulting engineer to enameling plants in Mexico, Indiana and Hong Kong.

Services will be at 2 p.m. Friday at a St. Louis funeral home. Interment will be in Memorial Gardens, St. Louis.

### Four Weed, Trash Fires

Four weed and trash fires were reported to Granite City police Tuesday afternoon and evening. They were at 1:30 p.m. at the rear of Kirkpatrick Homes, at 4:45 and 11 p.m. at Terminal avenue and Victory drive and at 8:15 p.m. at 1727 Olive street.

### Parking Lot Accident

Larry C. Brisky, 19, of 2128 Miracle avenue, reported at 1 p.m. Tuesday that while his car was parked on the lot at the Tri-Mor Bowl, another car damaged its front and side between noon and 12:15 p.m. and then left the scene.

**TANKS WILL BE BUILT** for storage of bulk commodities hauled by rail, truck and barge at the site where heavy earthmoving equipment began operations this week on property

leased by the Tri-City Regional Port District. The two tanks in the initial development will have capacities of 3,000,000 and 600,000 gallons.

The storage tanks will be for National Marine Service, Inc., which has leased 65 acres of the Port District's 250 acres along the Chain of Rocks Canal.

Port District commissioners are to meet next week or are subject to call pending a legal

### Collision at Plant

Autos driven by Robert E. Hands, 78, of 2163 Delmar avenue, and a man identified as S. R. Mayfield collided at the State street entrance of the General Steel Industries parking lot at 4 a.m. The left front bumper of Hands' car was damaged.

### Boys Shoot Firecrackers

It is nearly six weeks since the Fourth of July, but Granite City police continue to receive reports of boys shooting firecrackers. One report was made at 9:30 p.m. Tuesday, but police were unable to locate the boys.

### Custodian Local, Venice Schools In Negotiations

Preliminary negotiations between the Venice board of education and representatives of Building Service Employees Local 98 are currently being conducted in a series of informal sessions. Supt. John O. Pier reported during Monday night's school board session.

Venice School District Three employs seven full-time and two part-time custodians on a 12-month basis.

The increase sought by the 40-hour week workers would raise annual pay by \$732 for full-time custodians and \$336 for part-time employees at an annual cost to the district of \$6488 for 1964-1965, it was estimated. No counter proposal was reported.

Carl Harrison, union president, said all Venice custodians were accepted by Local 98 last month. The same local also represents custodians in the other local school districts.

### Charged with Speeding

David E. Jackson, 27, of 2943 Pine street, was arrested at 8:20 a.m. Wednesday at 2800 Madison avenue on a speeding charge. A hearing was set for Aug. 24.

## MORE ABOUT School Budget

(Continued from page 1.)

rate will be lower than listed if an expected assessment gain tops 1%.

Another factor in keeping the total below \$2,460,000 could be bond interest, which is likely to be well below the projected 4.3%. Current school rate is \$2.325.

Comparison of revenues and expenditures on an accrual basis would indicate an operating deficit of \$246,000 in the education fund, but it is not expected to be felt until the end of the following school year, 1963-64, at which time anticipation warrant borrowing is viewed as possible. However, several fund sources seem destined to be expanded before then.

**\$446,000 Balance**  
On a cash basis, no financial problem looms for 1964-65, due primarily to a \$446,948 balance in the education fund as of June 30, 1964. Investment of the funds netted \$40,079 in the fiscal year just ended, compared to \$28,822 in 1962-63, \$13,740 the previous year, and \$6,376 in 1960-61.

A detailed breakdown of the new tentative budget, including a comparison with the previous final budget, follows:

**Education fund:**

## 50 Jobs for Students Available at New Campus

"Wanted: 50 students, to work their way through college. Starting wages \$1.65 an hour and up."

This has been a standing offer at Northwestern Illinois University's Quad-Cities—Edwardsville campus for some time, but the jobs are going begging. Reason: "All of our students commute to their classes, some of them covering up to 100 miles a day," explains David Van Horn, coordinator of student employment and placement for SWNU's new campus.

"But these classes are in East St. Louis or Alton now, and our greatest need for student workers is at Edwardsville."

Some of the 150 students who work at the new campus now are those enroute from home to class. They may live in Troy or Highland, for instance, work mornings at the new campus, then go on to Alton for afternoon classes.

Bonuses are offered for evening work. There are automatic wage increase and merit increases, which make it possible for students to more than pay for all their college expenses. And students already enrolled for fall classes, which start Sept. 23, can go to work right now.

But those 50 jobs are still open. "And for 50 high school graduates," Van Horn points out, "these positions could mean the difference between getting a college education and not."

### Types Of Jobs

Jobs in offices and service departments on the Edwardsville campus site are available for typists, drivers, janitors, library workers and a long list of other classifications. But the students who fill these part-time openings have to attend the University's teaching centers at Alton or East St. Louis.

"Student employment opportunities at the two centers fill up very quickly, but the additional driving or riding in car pools, to the new campus makes it difficult to fill jobs here—even though wages for these students include a 10 cents an hour differential," Van Horn reports.

## St. Mark's CYC Hears Talk on Area's Growth

A outline of industrial growth and the prospects for future growth was given the St. Mark's Church Catholic Youth Council Tuesday night by Milton Morris of MilMor Manufacturing Co., Venice.

His topic was "Don't Sell Your Community Short—Look at Your Assets."

CYC president Ignatius Shambro presided at the meeting held in St. Mark's school and announced plans for a swim party to be given by the local group on Aug. 23 with the Alton, Madison and Collinsville CYCs as guests. A convention for the CYCs will be held Oct. 10-11 at the Sunset Hill Holiday Inn. To be discussed is the changing of the name of the organization to YCA, Young Catholic Adults.

## Smith at Milwaukee Gets Pipeline Order

Manufacture of 58,000,000 pounds of pipe to permit Puhandle Eastern Pipe Line Co., Kansas City, to expand the capacity of its natural gas delivery to Illinois, Michigan, Ohio, Indiana and Missouri will be carried out at a Milwaukee plant of A. O. Smith Corp.

The \$6,000,000 order is for 30 miles of welded 22-inch diameter pipe and 95 miles of 36-inch pipe.

KNIGHTS OF COLUMBUS RECEPTION for Rev. A. J. Schwellenbach, pastor of the new St. Margaret Mary Catholic Church, which attracted local and out-of-town clergy at a Tuesday evening dinner. Left to right are—Joseph DeRuntz, chairman of the affair; Rev. Robert Shannon, chaplain at Scott Air Force Base; Rev. John Franklin, as-

stant pastor of St. Elizabeth's Church; Rt. Rev. Msgr. Frederick W. Klossner, Decatur, who served as master of ceremonies; Father Schwellenbach; Rev. Engelbert Binek, O.F.M., pastor of St. Mary's Church, Madison; and Rev. Lawrence Mattingly, pastor of St. Elizabeth's Church.

## Rev. Schwellenbach Calls For 'Sacrifice, Giving'

The new St. Margaret Mary Catholic Church will be developed on the basis of "a spirit of sacrifice and a spirit of giving," Rev. A. J. Schwellenbach, its first pastor, told about 100 persons attending his reception held Tuesday night by Tri-City Council 1098 of the Knights of Columbus.

He said that type of spirit would be required as the foundation of the new parish, "both on the part of the parishioners and myself... to extend Christianity into our homes."

Toastmaster at the dinner was Rt. Rev. Msgr. F. W. Klossner, pastor of St. James Church, Decatur, and former council chairman and pastor at St. Mark's Church, Venice.

He traced part of Father Schwellenbach's history from the time he left here as assistant pastor of St. Joseph's Church 12 years ago through his service as director of the Propagation of the Faith and his work in the Confraternity of Christian Doctrine for the Springfield diocese.

## 10 Are Named To Teaching Posts In GC This Fall

Continuing to fill out its faculty for the 1964-65 year, the Granite City school board Monday night hired ten teachers—eight for unspecified grade school assignments and two for the Coolidge junior high school staff.

Robert Lee Reh, Edwardsville, who holds a bachelor degree and has taught for four years, will teach general science and biology at Coolidge. J. W. Stice, Kuttawa, Ky., bachelor degree from Murray State College and one year of teaching experience, will teach English at Coolidge.

New elementary school instructor will be Miss Sharon Joy Bair, Paducah, Ky., bachelor degree from Lock Haven, Pa. State College, five years of experience. Miss Deanna Adelle Dulzell, St. Louis, 1964 bachelor degree from Washington University; Mrs. Jane Frances Escobedo, O'Fallon, Ill., University of Illinois bachelor degree and 12 years of experience; Miss Sarah Santana, Rio Hondo, Tex., Texas College of Arts and Industries bachelor degree, nine years; Michael M. Velluff, Alton, 1963 bachelor degree from St. Louis University; Ray Watson, Collinsville, Shurtz College bachelor degree; Mrs. Dolores French, Jackson, Miss., Mississippi College master degree and three and a half years of teaching; and Miss Donna L. Skinner, Belleville, University of Florida bachelor degree.

**Two Resignations**  
Resignations were accepted from Jerry G. Johnson, Route Three, Collinsville, Emerson fifth and sixth grades teacher, who has accepted an administrative position in another school system, and from Wanda Lee Dunn, newly hired as a Granite City high school business education instructor, who instead has decided to remain in her present position.

Issuance of a high school diploma dated January 1953 to a man completing the general education development equivalency test then was voted by the board.

Victor G. Anderson, administrative assistant in charge of business, and L. Monroe Warren, a school board member and the school district treasurer, were authorized to attend expense-paid the annual meeting of the Association of School Business Officials Oct. 18-22 in San Francisco, Calif.

**Opposes Distance Limit**  
Supt. Russell D. Johnson said it apparently has been an unofficial policy to ban such trips "out of the U.S.A. or west of Denver." Johnson opposed a geographical restriction and favored the California trip, commenting, "Membership in and attendance at meetings of organizations of national and international scope are of direct benefit to the school district and the community as well as the individual."

"It should be a policy of the board to encourage such membership, attendance and participation in the activities of desirable educational organizations. Reasonable expense of such attendance is a legitimate board expense — investment, if you please."

Bills paid totaled \$23,825 in the educational fund, \$46,203 in the building fund and \$62 in the transportation fund. The building fund disbursements included \$9025 to L. Wolf Co. for work on the Wilson school addition, \$7495 to the same firm for work on the Prather addition, \$10,894 to G. H. Sternberg & Co., general contractor for the Mitchell school addition, and \$3642 to Galloway-Von Gruenigen Co. for work on all three of the classroom additions.

**Report On Additions**  
Supt. Johnson said the Wilson addition is a week and a half behind schedule but possibly can be completed for the start of the fall term. Brickwork is complete and the roof deck has been installed.

The Prather Junior high addition is two and a half weeks behind schedule, with brickwork nearing completion, Supt. Johnson reported.

He said bricklaying began Monday at the Mitchell addition, now three and a half weeks behind schedule due to a shortage of bricklayers in comparison with the volume of this summer's construction work.

## Johnson, Boyd Named To City's CD Staff

Russell D. Johnson, Granite City superintendent of schools, the local CD group, a post held and Clyde Boyd, Third Ward Alderman and member of United States Civil defense organization, were named today to the staff of the Granite City civil defense organization.

The announcement was made this week by CD Director

Page 12 Thurs., Aug. 13, 1964

Victor H. Koenig. Johnson accepted the position as education coordinator with the local CD group, a post held formerly by Dr. Harold M. Kaiser. Boyd succeeds the late Leonard R. Davis to service as members of the civil defense made this week by CD Director

## Accidental Deaths Ruled in 2 Cases

Rulings of accidental deaths were handed down Monday evening inquests conducted by Deputy Coroner Henry Pieper for two young people who were killed in area traffic mishaps last weekend.

The coroner's jury ruled the death of Charles Wayne Hunter,

20, of 1903 1/2 Sixth street, Madison, early Saturday resulted from a skull fracture suffered when the truck he was driving struck a utility pole on Broadway in Venice.

Hemorrhaging and internal injuries were factors in the death Sunday afternoon in Brooklyn of 11-year-old Thomas Smith, 618 Canal street, Brooklyn, who was struck by an auto while riding his bicycle. He was pronounced

dead on arrival at St. Elizabeth Hospital, as was Hunter.

## Man Shot, Apparently By Spent .38 Bullet

Delbert E. Brown, 35, of 5260 Nameoki road, was shot in the left wrist by a slug which also grazed his hip while he was walking near the old Bella Vista tavern near Mitchell, it was reported to the county sheriff's office at 7:35 p.m. Tuesday.

He told authorities he did not

hear a shot fired, and the bullet apparently traveled some distance and was about spent. He received emergency treatment at St. Elizabeth Hospital and was released.

The lead slug was found and taken to the county sheriff's office where it was determined to be of .38 caliber. Brown told authorities that he had felt a sharp pain and thought he had been hit with a rock.

The present were Gwendolyn Gail, Gail Lewis, Gail Wilmoth, Johnny Brooks, Dennis Reynolds and Cathy and Bruce Crown.

### SUNBATH PROGRAM AT SECOND BAPTIST

Sunbeam Band focus week was observed this week at Second Baptist Church with a parent's meeting and party Monday evening.

Mrs. Betty Lewis, director, welcomed the parents and Sunbeams and gave a brief history of Sunbeam work and its founder, Dr. George Braxton Taylor, a missionary's son and grandson of the first secretary of the foreign mission board. Dr. Taylor was a missionary with the missionary education of children. Through his efforts and help of a Sunday school teacher, the Sunbeam program came into being.

Songs were sung by the children and a short Indian mission play was presented by six boys and girls. Mrs. Lewis discussed "Christmas in August" project in which the children are engaged.

A small white Christmas tree was in the room and the children placed their gifts in boxes labeled for each group. The gifts will be sent to two Goodwill centers and given to needy children at Christmas.

The children engaged in breaking of a "pinata," a favorite Christmas-time game of Mexican and Spanish children. The parents viewed handwork done by the children since last October.

The meeting room was decorated in a Chinese theme, with wind chimes in the doorways and Chinese lanterns hanging from the ceiling. Each lady was presented with a Chinese fan.

Refreshments were served to Mrs. Ruth Snyder, Ann Snyder, Mrs. Arlene Smith and children, Robin, Janet, Douglas and Dennis, Mrs. William Freeman and children, Carol and Debbie, Mr. and Mrs. Eugene Holman and daughter, Beverly, Mrs. Loreta Olive and daughter, Gwendolyn, Mrs. Lenore Welty and children, Frances, Linda, Larry, Vickie and Susan, Mr. and Mrs. George Clemons and daughter, Rebecca, Mrs. Wilma Gillingham and daughter, Theresa, Mrs. Edna Reynolds and son, Dennis, Johnny Snider, Marie Snider, D. separate building located behind the present gymnasium building and near but not attached to the music wing of GCIS. Walkways will connect it with the main building, the gymnasium and Coolidge Junior high school.

It will eliminate part of the parking area behind the gymnasium, but the principal GCIS parking lot is to be expanded.

Seven classrooms will be built on the second floor, over a 750-person dining area and kitchen building, and an open space, the covered open-air portion is expected to add to the attractiveness of the structure and also to be useful as a shelter in inclement weather.

members, Mrs. Shasten is moving to Worden, Ill.

"Oligation night" will be observed at the regular meeting on Aug. 25 when a white elephant auction will also be held. Each member will provide an article to be auctioned.

Cake and ice tea were served to 20 members by Mrs. Marten, Mrs. Thelma Stockton, Mrs. Ruby Wood, Mrs. Edna Foster and Mrs. Ella Pinkerton.

### CIRCLE MEETS WITH MRS. DORIS MACLIN

The Elizabeth Bohan circle of First Baptist Church met Wednesday afternoon in the home of Mrs. Doris Maclin, 1500 Second street, for a monthly meeting which opened with prayer by Mrs. Ann Webb. Mrs. George Brown gave the devotional and read the prayer. Various reports were read from the committee and Mrs. Pauline Pinkley was in charge of the program. Those taking part were Mrs.

## BIRTHDAYS OBSERVED AT DEN TWO MEETING

Club Scouts of Den Two, Pack 90 met Tuesday afternoon in the home of the den mother, Mrs. Bernadine Weidner.

The meeting was opened with the pledge to the flag, after which the boys discussed a trip they made to the Madison police station and fire house with Mrs. Susan Dragich while Mrs. Weidner was on vacation.

observed with ice cream and cake served to Chris Stokke, Jerry Dragich, Raymond Stewart, Robert Riebert, Richard Shrum, den chief Steve Stokke and a guest, Mickey Humiak.

## Swing, Stairs and Glass Send Children to Hospital

Several serious mishaps plagued Quind-City youngsters Wednesday with four admitted to St. Elizabeth Hospital and one transferred to Barnes Hospital, St. Louis.

Those admitted locally included Ronald Jones, 9, son of Mr. and Mrs. Wilson Jones, 1713 Rhodes street, Madison, who fell about six feet from a swing set striking his face; Pamela Morrison, 12, daughter of Mr. and Mrs. Victor E. Morrison, 4121 Melrose avenue, who injured her right leg when a swing rope broke; Lonnie Pagan, 4, son of Mr. and Mrs. Melvin Pagan, 5443 Maryville road, who stumbled down several steps striking his head and face on concrete; and Victor L. Hayes, 15 months old, of Charleston, S. C., whose father, John Hayes, is stationed at an area missile base, suffered

first and second degree burns on the abdomen and thighs.

### Injuries Wrist Tendon

Transferred to Barnes Hospital was Donald James, 16, son of Mr. and Mrs. William Danforth, 2023 Main street, who cut his left wrist and hand on broken glass. Preliminary examination at the hospital showed apparent damage to the wrist tendon.

The agreement was announced during a governor's conference on equal employment opportunity held Wednesday at Augustin's restaurant, Belleville.

## Use Technical Staffs

Gene Graves, head of the Illinois Board of Economic Development, suggested that a local coordinating committee much like the one already formed be established, relating to be established on both sides of the river could be the professional work.

### He conceded that Bi-State

never proposed to be the planning body for the metropolitan area. He said he did not intend to be critical of Bi-State.

### Graves said land-use planning

of a continuing planning process and stated that was mostly a state responsibility. He added that the states would want to fit

## Eligible For Grants

Only three existing agencies now are eligible to apply for federal planning grants for the metropolitan area, he said—the Illinois and Missouri industrial development agencies and Bi-State, and the federal government would make final decisions on plans.

### The decision by the governors

would be subject to agreement by the mayors of the major cities on both sides of the river, Graves said. He added that the process would work in the same way Illinois and Missouri highway officials now coordinate highway planning, by consulting professionals working in the areas involved under general state supervision.

### Guadalajara Next Destination For Touring Ensemble

(Pictures on Pages 31, 38.)

Guadalajara, whose civic vir- tues are celebrated in a song of the same name currently heard at many U. S. "hootenanny" mu- sic programs, will be the next destination for the touring ensemble of the Latin American rhythm band, which will leave Salamanca late this afternoon for Guadala- jara, where their private railroad car is due to arrive at 10:25 this evening (11:25 p.m. Granite City time).

### Before concluding the third

week of a month-long Mexico tour, the 38-person contingent led by Robert D. Todoroff also will visit Irapuato.

### Concerts are scheduled Friday

evening in Irapuato. This week began with a two- and-a-half-day stop in the re- cular city Acapulco. The ensemble traveled by bus to Mexico City Tuesday and took a train trip yesterday to Salamanca where a concert was presented last night.

juggling the B bonds to a new issue."

**Payment Acceleration.**  
The mayor declared that while the matter of financing the Venetian share of the underpass project is important and immediate, it is overshadowed by the prospect of a financial crisis that could develop as a result of an "acceleration" clause in the bond ordinance which increases bond payments annually and, in 1966, requires the city to begin paying an additional supplemental bond payment of \$35,000 a year. It had been based on estimated traffic increases.

The city has two outstanding bond issues against the bridge, one designated as "A" and the other known as "B" bonds. Original amount of the "A" bond issue, sold in 1958, was \$1,070,000. The "B" bond issue is in the amount of \$1,000,000.

About 70% of the "B" bonds, on which no payments are scheduled to be made until 1973, is held by Illinois Terminal. When the city began making arrangements for refinancing the "A" bonds, one of the major legal requirements by bonding firms was

that holders of "B" bonds agree to the refinancing.  
The "A" schedule calls for a payment scale that increases annually. Total bond payments scheduled for the current year total \$239,000 to be made in two semi-annual payments. Next year, 1965, this jumps to \$257,000, and in 1966 the schedule calls for payment of \$314,000 on April 1 and \$137,000 on Oct. 1, a total of \$451,000. In addition, the city must begin in 1966 to pay the supplemental \$35,000 annually.

**Discuss Alternatives.**  
City officials agree that on the basis of this schedule, the city is confronted with a serious problem unless another means of relief can be worked out. Mayor Lee said today that several possible alternatives have been discussed, but only tentatively, and that the situation will be handled thoroughly upon his return.

The outstanding balance of the "B" bond issue, on which no payments have been made, remains at \$1,000,000. The city had planned to refinance the "A" bond issue at about \$15,000,000, which would have provided sufficient funds for financing the underpass and bridge improvements recommended in engineers' reports.

Under the bond ordinance, bond payments and cost of maintaining and operating the bridge are paid first out of bridge revenues, with the balance, if any, requirements by bonding firms was

city received \$100,000 from bridge revenue.

**May Halt Funds For City.**  
Henry McMullen, bridge manager, said the gradually increasing bond payment schedule will in a short time leave the city without any revenue from the bridge and could, eventually, increase the bond payments to a point that the city would be unable to meet them.

Construction of the Broadway underpass has hinged for several months on the Terminal's decision which, had it been favorable, would have cleared the way for refinancing and given the city ample funds to meet its obligation in the underpass project.

The Illinois Commerce Commission, which has conducted a series of hearings on the closing of certain streets and rail crossings, has been postponing the topic from time to time to await underpass financing developments. Area railroads are to meet part of the underpass cost.

**GC Steel Co. Board Sets 35-Cent Dividend.**  
A regular 35-cent dividend was declared for the third quarter by the Granite City Steel Co. board of directors meeting this morning in St. Louis. The same dividend has been paid quarterly for several years.

The dividend is to be paid Sept. 15 to stockholders of record Aug. 26. No other business was transacted by the board.

GO TO CHURCH SUNDAY—

# Changing Ways in Handling Lawbreakers

John W. Allen  
Southern Illinois University

History is being made and added every day, and a significant change is now taking place in old, old practices; a change to which southern Illinois is making marked contribution.

This change is in the attitude toward and manner of treating those convicted of law violations, particularly those sentenced to serve prison terms. To appreciate the nature of the change under way, a brief glance at the past would be helpful.

Through many centuries man has dealt out his particular brand of justice to those who violated his laws. More often than not penalties were rigorous, their most evident purpose being to make the violator suffer.

Through the years, man seems to have become less brutal. He no longer burns law violators at the stake or breaks them on the wheel or wrack. An occasional criminal still is "hanged by the neck until dead," but no recent records tell of the hanged one being "quartered and drawn" or having his skull left for many years to bleach on a pole in some public place.

Prisons Replace Lashings  
Through all the changes that

have come, however, those convicted of crimes have been considered as having lost much of their usefulness to society. With the decline of the "thirty lashes well laid on" era there came an increased use of prisons. In this case it would too often be proper to say inmates, for they are not fenced in nor protected by armed guards. A ward of the Glendale or another similar camp could very easily walk away, knowing however that he would most likely be apprehended shortly.

At these Youth Commission camps earnest effort is made to rehabilitate each ward. Perhaps it is not fully accurate to say rehabilitate since that implies a return to a former condition. In this case it would too often be an environment of crime. The plan followed has for its general purpose the discovery and development of the latent possibilities for good in the boys.

Most of the boys at Glendale come from the streets and alleys of Chicago. All too often they are from crowded, poverty stricken homes and slums. Few of them ever had opportunity to work and earn money or even to merit commendations, not to mention awards as toddlers they have had scant opportunity for wholesome recreation, not to mention the chance to play in a place where they have known and too often have been members of some back-alley gang. The group at Glendale definitely is not one below par in intelligence, neither are they there by accident.

Firm, But Kind Treatment  
At Glendale, and it must be assumed at other similar camps, the boys are treated in a firm but kindly manner, as kindly as the conditions will warrant. At the Youth Commission camp they work in some phase of forestry or in work about the University of Illinois experimental farm. The boys with whom opportunity was had to talk showed a definite interest in the work to which they had been assigned.

A seatmate at the luncheon table was working in the green house. He exhibited a definite interest in his work, so much so that he was hesitant about taking a 10-day leave to visit his parents in Chicago, fearing he might be replaced in his job.

This 10-day leave is part of the treatment given the boys after they have shown warranted progress toward better citizenship. They go, unescorted and with fares paid, to visit parents or relatives at their homes and to test their strength to remain above the forces that sent them into law violation. It is a kind of probation.

This boy seemed happy to talk about his work at the greenhouse. He didn't know just how to proceed with a few hundred iris seed gathered from some fine blooming specimens in the writer but showed himself wide awake by asking if the seed pods were bursting open and the seeds falling out. Assured that such was the case, he thought they should be planted at once and kept moist. He was going to look it up. If this boy reverts and fails it will be because he has no greenhouse or garden in which to work. There are other parallel cases.

Not every boy assigned to one of these camps is reclaimed, but many are. The percentage attempting to jump camp is low, likewise those violating parole given at the end of their camp stay.

The writer, seldom accused of being a softie when criminal tendencies are being considered, believes in this work of the Youth Commission.

Paralleling this treatment of youth a program on the adult level at Menard State Prison is noteworthy among the prison programs on the nation. People of southern Illinois naturally regret having a prison population. They can justifiably be proud of the way being taken to make desirable citizens of the ones they have.

## Janitor Dies, Kurtak Charged With Murder

Roy Kurtak, 34, of Maryville, was charged with murder yesterday evening after a janitor for a Wood River tavern died of a bullet wound he received during a tavern burglary last July 19.

Joseph Zappa, 23, of Wood River, was charged with the murder, signed by Joseph Bartylak, assistant state's attorney, was issued by Magistrate Earl Vaugnoux at Edwardsville.

Kurtak is being held in the county jail without bail pending action by the grand jury next month. He had been in liberty under \$20,000 bond.

Kurtak, formerly of Granite City, and an accomplice, Bryan Carl Stone, 32, of Wood River, were arrested in connection with the case. Both are ex-convicts and once were cell mates at Menard state penitentiary.

Both have records at the Granite City police station. Stone was convicted for burglary at a local variety store and has been involved in burglaries of other Granite City business establishments. Kurtak, previously convicted of armed robbery, was arrested earlier this summer for armed robbery at the Na-Bar-Burg variety store but charges were never filed.

Through all the changes that have come, however, those convicted of crimes have been considered as having lost much of their usefulness to society. With the decline of the "thirty lashes well laid on" era there came an increased use of prisons. With the increase in prison use there has come the increased cost of feeding and caring for prisoners.

Somewhere along the way man must have checked on the results achieved and begun to question his own wisdom in dealing with wrong-doers. Society might still be taking its accustomed revenge but the criminal too often remained a criminal. Whatever the cause or combination of causes, the idea of making a criminal into a useful member of society became an acknowledged objective. Today it is a major factor in the consideration of how best to deal with those of the law.

**Youth Camp in Pope County**  
A recent spot, wholly unplanned, at the Illinois Youth Commission camp at Lake Glendale in Pope county gave opportunity to see the workings of a modern unit designed to convert wards of the Commission into desirable citizens. This Glendale camp, the smallest in the state, has 28 residents. It would hardly be

proper to say inmates, for they are not fenced in nor patrolled by armed guards. A ward of the state, or another, in the camp could very easily walk away; knowing however, that he would most likely be apprehended shortly.

At these Youth Commission camps earnest effort is made to rehabilitate each ward. It is not fully accurate to say rehabilitation since that implies a return to a former condition. In this case it would too often be an environment of crime. The plan followed has for its general purpose the discovery and development of the latent possibilities for good in the boys.

Most of the boys at Glendale come from the streets and alleys of Chicago. All too often they are from crowded, poverty stricken, and ill-kept homes. Few of them ever had opportunity to work and earn money or even to merit commendations. From their days as toddlers they have had scant opportunity for wholesome recreation, not even a fair place to play. They have known and too often have been members of some back-alley gang. The group at Glendale definitely is not one below par in intelligence, neither are they there by accident.

## Inland Waterways

### Study of Hazardous Cargo Handling Directed by SIU

Four board needs for the safer movement of hazardous cargoes on the nation's inland waterways are identified in a recent report to the U. S. Coast Guard on an "Operation RiverSafe" research project conducted last year under the direction of the Transportation Institute at Southern Illinois University, Carbondale.

The four identified goals are: (1) an accident analysis system; (2) a revision toward more unified standards in navigation rules (rules of the road); (3) a cargo hazards advisory system; and (4) planning for port area emergencies. These by no means exhaust the problem areas in safety on the inland waterways as the speed, volume and variety of large traffic increases, says Alexander R. MacMillan, the institute director who supervised the study. However, they relate to problems that need solving to protect the public, the operating personnel and the cargoes.

The "Operation RiverSafe" project, started more than a year ago under an \$18,000 grant from the U. S. Coast Guard, was concerned with surveying present practices and procedures affecting the safe movement and handling of dangerous cargoes on the inland waterways. The first two of four proposed phases in a "research in depth" on the problems were completed under the project.

**Phases of Research**  
MacMillan says Phase I was concerned primarily with the mechanics of organizing the study. Phase II covered an eight-month survey, identification of some of the main problems related to river safety, and

making a report on the findings to the sponsoring agency. Suggested as Phase III would be implementation of applied research in depth on the Phase II proposals. The final phase would be an evaluation through analysis of specific programs implemented. The U. S. Coast Guard currently is studying the Phase II report submitted by MacMillan in February.

In elaborating on the four needs identified in the report, MacMillan says the research team developed a coding form suitable for analyzing waterway accidents of all kinds as a guide for developing accident report forms that can be applied to data processing systems for such needed analysis.

Variations in "rules of the road" on the nation's waterways suggest the need for updating the regulations for more realistic application to all vessels operating on the inland waterways, the report says. It also urges early action in developing a system for identifying the hazardous nature of cargo cargoes, and advance planning for handling emergencies that may develop in port areas.

MacMillan says the survey revealed that nearly every channel of this inquiry is already under study by various groups, committees and agencies concerned to assure safety of operation on the navigable waterways of the nation.

#### Seek Price Boost For Dairy Farmers

Request for an increase of 25 cents per hundredweight in the price paid dairy farmers will mean, if granted, an increase to the consumer of a half cent per quart or one cent per half gallon in the cost of milk, area dairy spokesmen said today.

Sanitary Milk Producers has filed a request for an emergency hearing to increase the price paid to dairy farmers as soon as possible, with the higher price to continue as through March 1965. The petition has been filed with the Secretary of Agriculture at Washington.

Dairymen here said that if the price increase is allowed it undoubtedly will be passed on to the consumer. Most milk sales are now in half gallon and gallon containers and the average retail price in most stores is two half gallons for 87 cents. The increase would raise the price to two half gallons for 89 cents.

**Soldier Fined \$25**  
Thomas Campbell, 22, of the 374th Engineer Co. at the Granite City Army Depot, pleaded guilty to a charge of creating a disturbance and was fined \$25 and costs Monday by Magistrate Gasparovic.

**10-Day Jail Term**  
W. C. Scott, 41, of Rural Route One, was sentenced to 10 days in the Madison county jail Monday on a charge of driving without a license. He pleaded guilty before Magistrate Gasparovic.

**Innocent Plea Filed**  
Jack Henderson, 44, of 1730 Market street, pleaded not guilty Monday to a charge of driving while intoxicated and a hearing was set for August 27 by Magistrate Gasparovic, who set bond at \$1000.

#### Six Practical Nurse Grads from Local Area

A class of 19 graduates from the F. W. Olin Vocational School of Practical Nursing at Alton included six students affiliated at St. Elizabeth Hospital. They were Mrs. Helen Warlow, Miss Frances Jenkins, Mrs. Verna Webb, Mrs. Pauline Hanson, Mrs. Pearl Turner and Mrs. Marjorie Strauss.

A pre-entrance qualifying examination for another class to begin in October is being held today and will be held again at 8:30 a.m. next Tuesday at the F. W. Olin school, 2200 College avenue, Alton. Interested persons may make arrangements by telephoning the school at Alton—462-0053, Extension 6.

The examination takes three to four hours to complete. The course requires 32 weeks. The local hospital recently accepted seven new student practical nurses for affiliation. They are—Mrs. Peggy Barr, Mrs. Mildred Boyd, Miss Betty Collins, Mrs. Elaine Hastings, Mrs. Maude Kennerly, Mrs. Gloria Simms and Mrs. Louise Woods.

Most girl models have been selected from students enrolled in the current YMCA charm course. Pages and cheerleaders also have been selected from this class. Apparel for young men will be shown by members of the "Y" summer youth council and other junior and senior high students, including members of the cheer squad.

Posters advertising the event are being made by members of the "Y" teenagers art classes and will be placed in participating stores.

Stores featuring clothes in the show include Carp's, Rich's, Libson's, Glick's, P. N. Hirsch, Leader's, Sallie Ann, Strassman's store, Rich's store of fashion, Schermer's Men's and Boys', Tops-N-Bottoms, Traylor's, Helman's, Heikens and Fleishman's. The stores will provide prizes.

Mrs. Melvin Friedman, who has been a moderator for style shows, will serve as advisor for the event. Assisting Mrs. Fuller are Mrs. Jenna Norman of the "Y" women's department, Herb Schermer, Maurice Helman and Al Mueller Jr., general manager of the Press-Record.

All expenses of the show and dance are being paid by the Associated Retailers. Tickets are available from participating students, the Junior Tri-Hi-Y department, the Teen Town office or from participating stores.

The committee plans to make the show and dance an annual event with emphasis upon students organizing and conducting their own ideas with adult supervision.

Final plans are being made for the area-wide "Back to School" style show and dance to be held at 7:30 p.m. Aug. 24 in the YMCA.

Sponsors of the program are the Associated Retailers & Civic Association and the junior high and Teen Town programs at the "Y". Mrs. Bonnie L. Hirsch, Tri-Hi-Y director, is in charge of the style show, and Brian Brownman, Teen Green and Tri-Hi-Y director, is in charge of the orchestra dance to immediately follow.

Most girl models have been selected from students enrolled in the current YMCA charm course. Pages and cheerleaders also have been selected from this class. Apparel for young men will be shown by members of the "Y" summer youth council and other junior and senior high students, including members of the cheer squad.

Posters advertising the event are being made by members of the "Y" teenagers art classes and will be placed in participating stores.

Stores featuring clothes in the show include Carp's, Rich's, Libson's, Glick's, P. N. Hirsch, Leader's, Sallie Ann, Strassman's store, Rich's store of fashion, Schermer's Men's and Boys', Tops-N-Bottoms, Traylor's, Helman's, Heikens and Fleishman's. The stores will provide prizes.

Mrs. Melvin Friedman, who has been a moderator for style shows, will serve as advisor for the event. Assisting Mrs. Fuller are Mrs. Jenna Norman of the "Y" women's department, Herb Schermer, Maurice Helman and Al Mueller Jr., general manager of the Press-Record.

All expenses of the show and dance are being paid by the Associated Retailers. Tickets are available from participating students, the Junior Tri-Hi-Y department, the Teen Town office or from participating stores.

The committee plans to make the show and dance an annual event with emphasis upon students organizing and conducting their own ideas with adult supervision.

### GC Youth Operates River Ferry Boat

Daniel Steven Apponyi, 18, is having an unusual occupation this summer, prior to being subject to armed forces service.

He is aiding his brother-in-law in the operation of a Mississippi River ferry based at New Boston, Ill.

Apponyi, the son of Mrs. Sue Hanson, 408 Kirkpatrick, has been there since June 6 and plans to return home in August. The ferry, which connects Illinois Route 17 and Iowa Route 99, is owned by his brother-in-law, Norman Baggett.

The local youth hopes to qualify for an operator's license before coming home.

### Food Processing Field Beckons School Grads

High school and college graduates are being urged to consider careers in food processing business—the nation's biggest business.

The appeal was made by Hans J. Wolfberg, president of the Nestle Co., Inc., who said the industry is seeking a new growing nation requires about 350,000 new people every year.

Wolfberg, who made the appeal from the firm's White Plains, N.Y., main office, predicted a sound estimate of food consumed will hit \$100 billion. "This steady growth," he said, "will mean stable career opportunities for 3,000,000 trained, skilled people over the next 10 years. He cautioned that there are few jobs for the unskilled.

Major careers can be found in dietetics, food technology and home economics. Wolfberg stressed the industry's work in perfecting new space foods for astronauts and the importance for higher education for persons interested in careers in the industry.

### County School Calendar Lists No-School Days

A public school calendar for Madison county schools, issued this week by William Trimpe, county superintendent of schools, lists holidays, teacher institutes, vacations and other days no school for the 1964-65 year.

Quad-City schools will open Aug. 31 with half-day sessions. The first full day will be the first day off. Meetings of the Illinois Education Association and American Federation of Teachers will be held Oct. 9, and the county institute is set for Oct. 23.

November holidays will be Veterans day on Nov. 11, Thanksgiving day on Nov. 26, Christmas vacation will start on Dec. 23 for Granite City schools and Dec. 24 for all other schools in the county. Jan. 4 will be the first day back.

Granite City students will be off on Jan. 21, a teachers' record day which is not required in the Madison and Venice districts.

The spring schedule includes the county institute, April 2; Madison Teachers' Association, Monday, Thursday, April 15; Good Friday, April 16; Easter Monday, April 19; and Easter Tuesday, April 20, all free days.

The school year will end on May 28 for Madison and Venice schools and on June 4 for Granite City schools. Another teachers' record day is set for June 3 in Granite City.

Each school will be asked to choose two students on the basis of personality, good grades, neat appearance and good citizenship to represent their school in serving on the board.

The board would meet at the "Y" with members of the Associated Retailers & Civic Association and others in the clothing industry to discuss clothes in regard to teenagers. Guidance in selection and purchase of clothing, the latest styles and fabrics, and clothing fads will be featured.

The students will then serve as clothing advisors in their particular schools, helping set higher standards of wearing apparel.

### Pre-Enrolls in College

John F. Love, son of Mr. and Mrs. Harold Love, 2721 Myrtle avenue, has pre-enrolled at Northeast Missouri State Teachers College, Kirksville, where he will begin the freshman year next month. He plans to major in mathematics.

### Completes Army Course

Pvt. James O. Cobb, son of Mr. and Mrs. Joseph L. Cobb, 1503a Third street, Madison, Ill., completed an 11-week communications center specialist course recently at the Army Southeastern Signal School, Fort Gordon, Ga.

Cobb, 21, was trained in the use of teletype sets, in tape relay communications and in manual signaling procedures. He entered the Army in February 1964 and received basic training at Fort Leonard Wood, Mo. He attended Madison high school and was employed by Nestles Co. before entering the Army.

## Slight Drop In July Traffic On McKinley Bridge

McKinley Bridge traffic experienced a slight slump in July, totaling 418,968, compared to 425,151 in the previous month, which had one less day.

But the past month's tally still was the second highest for a July, trailing July 1963 (422,956 vehicles) but topping July 1962 (416,539) and previous years.

A breakdown shows 88,211 bridge crossings in the first week, 92,428 on July 8-14, with 95,327 in the third week, 55,482 on July 22-28 and 46,520 during the final three days of the month.

Daily July average of 13,515 was the second highest for a month in this calendar year and fiscal year, being exceeded only by the 14,171 level in June.

### Top Four Million

The 418,968 tabulation announced by Venice Mayor John E. Lee and Bridge Manager Henry McMullen brings the 1963-64 total above the four million mark, to 4,012,420 for the first ten months.

If the 401,242 monthly average continues this month and in September, grand total for the fiscal year would be 4,814,904.

This would be more than the 4,742,868 crossings in 1961-62 but less than the record 1962-63 count of 4,871,748. However, an acceleration is possible in August and September, judging by past years.

## \$12,000 Monthly Sales Tax Revenue For County

Madison county governmental proceeds from the half-cent-dollar sales tax in unincorporated areas are averaging not quite \$12,000 a month. Latest report of \$12,041 for April brings four-month 1964 receipts to \$47,591.

The \$12,041 net revenue on April sales is based on gross collections of \$12,650, with protests and administrative costs deducted. Total for the first four months of 1963 was \$54,015.

## A United Fund Agency

## Mental Health Clinic Serves Residents With Problems

Who doesn't have problems? Having problems is part of being alive, and helping to solve them is the task the Madison County Mental Health Clinic, 1243a Niedringhaus avenue, has set for itself.

In the busy day-to-day life of most Quad-Cityans, there is little time to reflect upon small doubts and annoyances. The United Fund-supported agency exists to insure that minor difficulties do not grow into major ones.

The agency's work in child therapy and assistance to discharged patients of mental hospitals is well known. Its less known but equally important function is to advise the large number of "normal" persons who have minor anxieties.

### Composite Case

The assistance available from the clinic is represented in the following composite case.

Frank was a 25-year-old salesman. He had been married four years and had one child. His employers felt he had been doing well at work and were preparing to promote him. He and his wife remained much in love.

Nevertheless Frank was far from happy. His job seemed tedious, and unchallenging. His wife sometimes appeared overly demanding and inconsistent. The burden of parenthood seemed too great. And he found his friends more and more annoying.

The condition grew as he discovered he was always tense and unable to relax. Nothing he did in his spare time refreshed him for the coming day's work.

When his wife eventually suggested that Frank seek psychiatric help, he thought the idea absurd. "Nothing's wrong with me. Do I look unbalanced?" Besides, even if something were wrong, who can afford one of these high-priced doctors?

### Struggle Within Himself

After his wife's suggestion, the thought of finding help rested in Frank's mind. He knew he needed some kind of change in his life, any kind, but he refused to admit that the change was crucial to his future.

He refused to believe he was not self-sufficient, able to solve all problems, however large, on his own. "After all," he told himself, "I'm young and intelligent. Mental clinics are for the old, the feeble or the stupid."

Awareness of this self-doubt gnawed at Frank for four months. His wife made inquiries about the Madison County Mental Health Clinic, and he learned that the fees charged there are merely nominal, even less than are charged by many physicians.

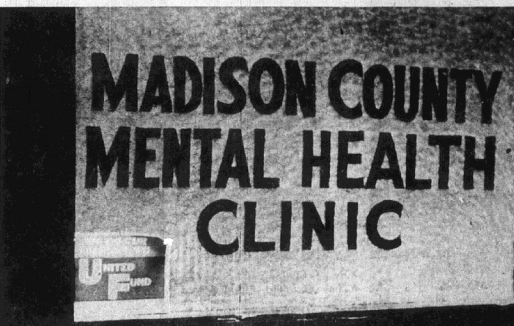

After continued vacillation, he finally decided to talk over his feelings with someone at the clinic.

The final part of Frank's story is simpler than the first. He found just what he wanted at the clinic, because he found himself.

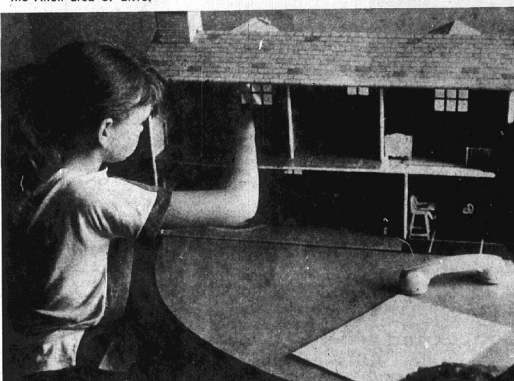

He went through the initial routine of examination by a physician, two or three sessions of tests and discussions with a psychiatric social worker, and then began therapy with a psychiatrist.

For Frank, therapy was just a high-flown name for talk. He

## MADISON COUNTY MENTAL HEALTH CLINIC

**SIGN OF HOPE** for many. The Madison County Mental Health Clinic, 1243a Niedringhaus avenue, is one of 17 local agencies supported by the local United Fund. This year it will receive nine per cent of its operating budget from the UF drive. Other sources are the Illinois Department of Mental Health, fees, contributions and a distribution from the Alton area UF drive.

**PLAY THERAPY**, the key to the minds of children. Children 6 to 12 often face serious adjustment problems in the transition from home to school and form one of the two critical age groups. The other is the 25-35 age bracket, when an individual must cope with the stresses that come with marriage, career and parenthood. Demonstrating the use of toys in testing is a non-client, Suzanne Solenberg, 11-year-old daughter of John Solenberg, executive director of the local United Fund. Left guide, right, Dr. Abraham Aronson, medical director and full-time psychiatrist at the clinic.

talked about his feelings, what he wanted out of life and what he had gotten. He chose the top for discussion, the psychiatrist simply asked occasional questions or guiding the conversation in one direction.

After going to the clinic for about a year, Frank felt he no longer needed outside help. He was coming closer to the goal of self-sufficiency that he had set for himself.

**Reasons Uncovered** Discussions with the psychiatrist led Frank to see that he had been fundamentally dissatisfied with his life, but did not know what to do about it. Leaving college after one year to be married and get a job, he felt frustrated in his desire for education. His family seemed to be the obstacle between him and his goals. His job seemed tedious because he wanted to be operating his own business, not selling for someone else.

Once he understood the division in his mind, Frank saw that he was not as limited in opportunities as he imagined. He received a substantial promotion which carried with it a sense of responsibility. He also learned he had sufficient time to attend night school. His wife, who had earlier seemed a threat, now became a true partner in his aspirations.

Frank's case is typical of the large number of persons who have problems which are mild at first but later grow into anxieties which plague family and business life. As a member of the clinic staff has said, "We do not change anyone's life. We simply try to fulfill it."

For this purpose the Madison County Mental Clinic has a staff of six full and part-time workers and three office workers. It is one part of the United Fund's attempt to make living easier and more enjoyable for Quad-Cityans.

**Sgt. Brokaw Transferred To Air Base in Thailand**

**Advanced Training For David Thompson**  
Pvt. David E. Thompson, son of Mr. and Mrs. Ernest T. Thompson, 1216 Logan street, Madison, has completed advanced training as a cannonner at the Army Artillery and Missile Center, Fort Sill, Okla.

Thompson was trained as a member of artillery gun or howitzer crews. He entered the Army last March. The 22-year-old soldier is a 1959 graduate of Madison high school.

## Dr. D. L. Coleman Assigned to France

Dr. Donald L. Coleman, son of Dr. Leo M. Coleman of 2315 Grand avenue, who recently was assigned to active duty as a captain in the U. S. Air Force Medical service, has completed the officers orientation course at Gunter AFB, Ala.

Capt. Coleman received instruction in specialized aerospace medical subjects and administrative procedures of the Medical service. He will be assigned to Phalabourg AB, France, where he will join the staff as a physician to help provide medical service in support of the U. S. Air Force in Europe.

He attended St. Louis university and the University of Illinois College of Medicine. He is a member of Tau Kappa Epsilon and Phi Beta Phi. His wife, Sue, is the daughter of Mrs. Dorothy Young, 1248a Niedringhaus avenue. His mother is Mrs. Charlotte Cronodon of Oakland, Calif.

## Housing Projects Pay \$31,102 to County

D. F. Braner, executive director, Madison County Housing Authority, announced this week that \$31,102 has been paid in lieu of 1963 taxes to County Treasurer George Musso.

The amount represents payments for nine housing projects administered under the Authority with payments to be prorated to all taxing bodies located in the district in which the individual units are located.

Quad-City housing authority projects and the amounts paid include: Ford A. Garesche Homes, Madison, \$3441; Joseph Grenzer Homes, \$3422; Viola Jones Homes, Venice, \$1338; Lee Wright Homes, Venice, \$4267; and Venice Homes, Venice, \$2133, for a total of \$14,621.

Fiscal arrangements are handled in this manner under terms of a cooperation agreement between the various cities, Madison county and the housing authority.

## Farm Column

By IRUMAN W. MAY  
Madison County Farm Adviser

High-producing dairy cows are extremely hard-working animals. High temperatures can limit the amount of work they do, especially if dairymen don't provide some type of shade during hot weather.

In a University of Illinois study, cows on short pastures and without access to shade had body temperatures as high as 105° F. on hot midsummer days. Milk production dropped severely.

An inexpensive sunshade pays big dividends if no shade trees are growing in the pasture. Pole construction, with a top to break the rays of the sun, allows free air movement and helps to keep cows comfortable.

On hot midsummer days, cows do most of their grazing at night. Therefore, it's a good idea to provide the most luxuriant pasture available during this period. Cows will also drink from 15 to 20 gallons of water a day in hot weather. High-producing cows may drink considerably more. Dairymen should have water available in pastures located some distance from the farmstead.

**Water Essential**  
Of the five required nutrients for beef cattle, the one most overlooked, but most necessary, is water.

Water consumption varies with three factors: type of feed, amount of water and dry matter in the feed and air temperature. If animals are fed a dry roughage along with supplement, they

are more likely to drink than if fed silage or haylage that has higher percentage of water. A larger dry matter to water ratio will force animals to drink more. If, as happens, sufficient water is not made available, gains will be lowered.

The amount of water consumed per hundredweight increases rapidly as the air temperature increases. In May a yearling steer consumes about 30 pounds of water per day. In July, water consumption increases to approximately 90 pounds per day.

**EFFECTS OF DROUGHT**  
Many corn fields and some soybean fields have been damaged by the hot dry weather, and prospects for record-breaking crops have greatly deteriorated on most farms of the county.

So far the amount of rain has been disappointing. However, in most communities, prospects for good corn and soybean crops are still better than average, although a lot more rain is needed.

Exhibitors at the annual Black and White Show of the Madison County Holstein Club at Highland were Elmer Klenke and sons Raymond and Ronald Milz, Vernon and Madeline Hiltz, Kent Berg, Braberg, Randall Hess, Dean DeVries and Steven Flocher. Several of them also exhibited their cattle at the Southern Illinois Holstein show at Greenville Saturday.

**KASEBERG ELECTED**  
Members of the county agricultural Extension Council elected Howard Kaseberg, Granite City, chairman; Charles C. Leach, East Alton, vice-chairman; and Marvin L. Stille, Alhambra, secretary-treasurer at their organization meeting last week for the new year starting in July.

Continuing members of the council with another year to serve are Kaseberg, Leach, Martin Blase, Worden; Wilbert Engstle, Granite City; John Keller, Collinsville; Eldon Mayer, Marine and Leland Steiner, Highland.

New members are Stille, Merle E. Espenschied, Marine; Ben Givlio, Alton; Robert Johnson, Granite City.

If you have a permanent pasture, you may want to try fescue.

Dorsey; Leslie Knebel, Pocatamos; Rudy Kuttin, New Douglas; and Udeil W. Wehling, Alhambra.

The extension council aids the farm adviser in development of effective programs in line with the educational needs and desires of the county people. Council members aid in determining the educational needs and desires of the local people. They are appointed by the dean of the College of Agriculture, University of Illinois on the basis of their interest and participation in the agricultural extension program.

Retiring council members are Harold Balsters, Bethalto; Harold Heepke, Edwardsville; Charles E. Kreck, Edwardsville; Herbert F. Kuehlo, Dorsey; Charles E. Luehmann, Granite City; Glenn Schumacher, Alhambra; and Walter Steiner, Pocatamos.

The ten highest producing herds in the Madison County Dairy Herd Improvement Association in June were owned by Norman Henke, Elmer Klenke, C. C. Becker & Son, Vernon; Warnecke, Walter Sievers, Waldo Keilbach, Marvin Stille, Leland Steiner, Rudy Kuttin and Jim Deane.

The highest producing herd for the month was owned by Norman Henke. This herd consisted of 32 cows. The average production was 136 lbs. butterfat and 45.6 lbs. milk per day with an average butterfat test of 3.8 percent.

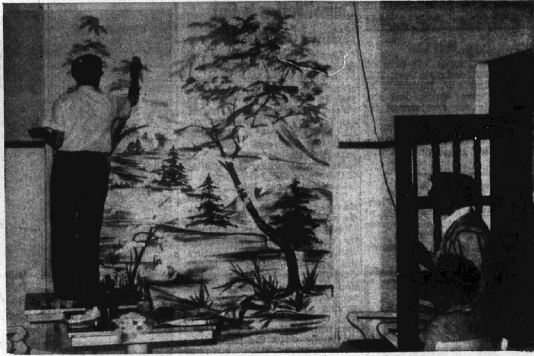

Cows completing 305 days lactation records of 600 lbs. butterfat or more were a 3 year old Holstein owned by Harold & Carl Baumann, giving 17,406 lbs. milk and 632 lbs. fat for the period; a 6 year old giving 17,976 lbs. milk and 665 lbs. fat and an 11 year old producing 17,053 lbs. milk and 629 lbs. fat; a 2 year old Brown Swiss cow owned by C. C. Becker & Sons producing 13,547 lbs. milk and 616 lbs. fat.

John W. Meyer, a member of the Omphighead 4-H club, is attending the state junior 4-H members conference at the 4-H Memorial Camp at Monticello. Object of the annual conference is to further develop the leadership abilities of 4-H members on committees and help guide all camp activities. Later, they report what they have learned to other 4-H members in their counties.

## Senior Citizens May Help As Instructors

Plans to employ the talents of Senior Citizens as instructors and helpers in homecoming and craftwork of the YMCA youth program are being considered by "Y" leaders as a means of bringing talented guidance to youngsters interested in this phase of activity.

Of particular importance as instructors would be quilting and needlework experts of the Senior Citizens group. This group is headed by Mrs. Anna Huffstut-

ler, 2107 Kirkpatrick Homes, who organized the Senior Citizens quilting and sewing group and is present chairman of the quilting group.

Others who have put in a year or more at quilting are Mrs. Pearl Rice, Mrs. Gussie Pender, Mrs. Margaret Stewart, Mrs. Evelyn Stark, Mrs. Ella Green, Mrs. Jewel Patterson, Mrs. Susan Rochester, Mrs. Anna Becker and Miss Edith Meyer.

## Rare Appaloosas Scheduled To Perform at Horse Show

A comparatively rare breed—the Appaloosa—will be shown in a registered model class at the upcoming Aug. 20 Granite City Rotary club's fifth annual horse show at the Tri-City Speedway.

Once the Appaloosas, who have a long and colorful history, were plentiful. Twenty centuries ago, these spotted horses were regarded as sacred in China and Persia. Through the years, the breed

was taken by exploring and conquering man from Asia to Spain to Mexico and on to the American Pacific Northwest.

**Fast, Maneuverable**  
There, in what is now the state of Oregon, the horses were developed by the Nez Perce tribe, which bred only the best to the best until they were the fastest and most maneuverable breed in the west. They were especially valuable in outrunning the armed and hostile Blackfeet

and in hunting buffalo. White men named the horses "Palouseys" because they grazed in the meadows near the Palouse River.

More and more white men came and, breaking a treaty, the federal government drove the Nez Perce out of Oregon. But the tribe, peaceful before, went on the warpath and, with the Palouseys giving them advantage, outfought the soldiers again and again.

**Horses Scattered**  
Finally, the Indians were subdued by superior numbers, confined to a reservation and their horses were sold and scattered.

Then, about a half-century later, in 1937, a historian was researching the Nez Perces and became interested in their horses.

Yoving that such a gallant breed with such a noble history should not be allowed to die out, he urged horsemen to scour the country in search of the spotted breed. They found a few and now the breed is making a strong comeback and numbers perhaps 2000.

Appaloosas are popular on cattle ranches and in horse shows, as needed for legume. Or, if the legume goes out, add 40 to 60 pounds of nitrogen per acre to keep grass producing at a high level.

Tickets for the Granite City Rotary Club horse show are available from any club member, Granite City policemen and firemen and at Graham's Book store.

The show will be held at 1 p.m. Sunday, Aug. 30, in the 6000-seat Tri-City Speedway facilities at 5054 N. 20th St. The show will be under the Ill-Mo Horse Shoe Association's point system.

Proceeds of this year's show will be used to buy police dogs for the Granite City police department. Horse owners may obtain entry information from B. Moody, Box 371, Granite City, Ill. His business telephone number is TR 7-3776.

**SPOTTED APPALOOSAS** were developed into a fleet-footed breed by the Nez Perces tribe in the Pacific Northwest and were valuable in hunting buffalo. Once threatened with extinction, the breed is now being increased by serious horsemen and will be featured at the Aug. 20 Horse Show sponsored by the Granite City Rotary Club.

### Consolidation to Cut Natural Gas Prices

Despite federally ordered refunds of more than \$3,000,000 by Mississippi River Fuel Corp. and reductions of about \$1,500,000 a year in wholesale gas prices, the recent consolidation of natural gas pipeline systems serving the St. Louis area into Mississippi River Transmission Company is expected to increase per share earnings, according to William G. Marbury, board chairman of Mississippi River Fuel.

The Federal Power Commission has approved an agreement providing for the refunds by Mississippi River Fuel to 17 utility customers. The agreement also called for sale of the natural gas pipeline system of Mississippi River Fuel to the transmission company. The two companies own the only pipelines serving the St. Louis area. The fuel corporation owns 60% of the transmission company and the public owns the balance.

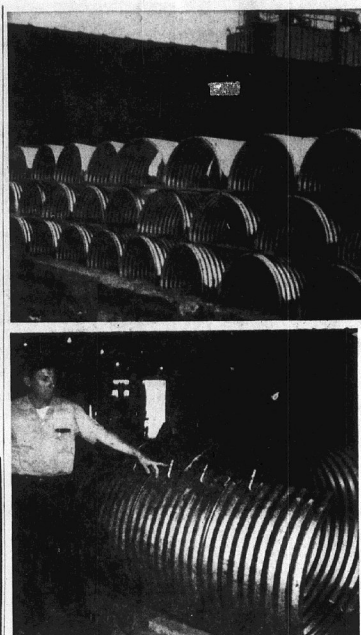

The transmission company plans to issue 2,500,000 shares of its common stock and \$30,000,000 of 10-year 5% sinking fund debentures to acquire the pipeline system.

### \$215,400 McKinley Bridge Repairs Proposed

Recommendations for a series of improvements and repairs to the Venice-owned McKinley Bridge that would cost an estimated \$215,400 are contained in a new bridge inspection report compiled by Hardesty & Hanover, consulting engineers of New York. The report recommends the work be done during the 1964-65 year.

The new improvements are in addition to \$38,075 worth of repairs recommended in the 1963 engineers' report, still incomplete, and \$1,491,000 worth of suggested bridge improvements which are not immediately urgent but which the engineers said should be considered in future bridge planning.

Generally, the report commended administrative and operative procedures of the city and declared that "our inspection... showed that the bridge is in a satisfactory state of repair and that its basic condition is good."

The report said further, "We find that the bridge is being operated in conformity with the requirements of the bond ordinance and that it is receiving prudent and intelligent management."

### Propose New Railings

Major item among the newly-recommended improvements is replacement of all the pipe and lattice-type handrails on the main spans and the Venice approach.

Cost of the project, based on current construction cost, is estimated in the report at \$115,000.

The report states that "the handrails along the outside road of the main spans are the original handrails installed when the bridge was constructed (1910). These handrails are inadequate to protect modern day traffic."

Also included among new projects is a recommendation that all steelwork on the Venice approach be cleaned and painted in a cost estimated at \$80,000. Reconstruction of handrails which should flashing lights adjacent to the eastbound lanes on the Venice approach also is recommended at an estimated cost of \$900.

Other items recommended include repair of the south pedestal of two bents and encasement of the bases of another at an estimated cost of \$850, and installation of hangers between the center stringers and the lateral bracing of the eastbound roadway over Broadway at an estimated cost of \$800.

As projects still incomplete on the list of 1963 recommendations, the report lists repair of loose sections of concrete-filled grouting in the eastbound lanes of the Venice approach at an estimated cost of \$375; removal of the pipe and lattice railing between Hall street and just

west of Pier One in St. Louis at an estimated cost of \$84,000; and installation of a chain link fence around bridge property adjacent to the McKinley Iron Co. in St. Louis, at a cost of \$15,700.

The report says the latter project may be deferred for the present.

### Widen, Repave Deck

Recommendations for future improvements and repairs contained in the report include: installation of proposal No. 2 for modification of the roadway lighting system, cost \$90,000; clean and paint all steelwork in the main span in 1967, cost \$90,000; replace existing fire protection system on bridge, cost \$29,500; widen the deck to improve the alignment of the westbound lanes at the top of the Venice approach, cost \$183,000; install two additional toll booths at the Venice toll plaza and incidental facilities as required by traffic growth, cost \$91,500; construct a new administration building, maintenance warehouse garage and parking area, cost \$225,000; replace all asphalt-covered timber deck with concrete deck, cost \$682,000.

The report also sets up a series of maintenance suggestions, including periodic inspections of various sections of the structure.

The report relates that present insurance coverage is adequate.

### Damaged in Madison

Two autos were damaged at 6:35 p.m. Monday when a motorist backed his car into a parked auto at 1721 Market street, Madison. A car driven by Stephen P. Rydick, 21, of 900 Iowa street, Madison, was damaged at the right rear fender and a parked car owned by Robert E. Norfleet, 32, East St. Louis, received a smashed left front fender and headlight. Rydick said he was backing out of his driveway and his car rolled into the parked auto.

### Granite City Supply Dissolving Business

Public auction of the inventory and equipment of the Granite City Supply Co., one of Granite City's oldest building material firms located at 20th street and the Terminal tracks, continued today and possibly will continue through Friday. The sale began Wednesday at 10 a.m.

Mrs. Louis Buenger, widow of the owner of the firm, said the firm is being dissolved as a business and the real estate also is for sale.

The firm was established 53 years ago as a one, cement and feed company. It was purchased by Louis Buenger and his brother William in 1921 and renamed the Granite City Supply Co. Since that time it has dealt in building material and cement.

Louis Buenger died in 1950 and William Buenger died a year and a half ago.

### Retailers to Aid in Giving Data on Social Security

Merchants in Venice, Madison and Granite City, in cooperation with the Social Security Administration District Office, East St. Louis, have designated Friday, September 11, as "Tri-Cities Social Security Day."

Persons seeking information on their Social Security accounts can obtain it at booths to be located in each of the communities. Social Security representatives will be stationed at the information centers to answer questions pertaining to payments and eligibility. Booklets on the Social Security Act will be distributed by the merchants.

The office believes a number of persons living in the Tri-Cities

area are not receiving Social Security payments although they are eligible.

Mayors Lee, Maeras and Davis will be asked to endorse the day by proclamation, and all retailers in the area will be invited to participate.

## Joseph Perigen, 47, Dies in California

Mr. and Mrs. Walter Blythe of this city and Mrs. Ella Renollet of East St. Louis left Tuesday for Los Angeles, Calif., where they will attend the funeral of Joseph Perigen, 47, a brother of Mrs. Blythe and Mrs. Renollet, who died Monday of an apparent heart attack. Services will be held next Monday in North Hollywood and burial will be in a nearby cemetery. Other survivors are three daughters, Mrs. Rose Marie Linde, Mrs. JoAnn Jones, Miss Joyce Perigen, a son, Herschel Perigen, two grandchildren, all of Granite City, three other sisters, Mrs. Lillie Chabrowski of Granite City, Mrs. Bessie Harwood of Belleville, and Mrs. Lucy Harris of California; and two brothers, William, of Burnt Ranch, Calif., and Walter Perigen of Granite City. Preliminary plans call for drivers of the regular school buses, who double as custodians to revert to regular janitorial duties. However, Board Secretary Lester R. Salem suggested that Supt. Pier meet with a representative of the custodians' union to discuss rescheduling jobs and hours for men previously used as drivers. The changes will be presented for board approval at the next meeting. In other action by the board, Roy Musick, buildings committee chairman, recommended replacement of guttering, downspouts

## Schools in Venice Drop Own Buses; Contract to Bi-State

Transportation for Venice school children will be provided by the Bi-State Transit System starting Aug. 31, it was decided during a special meeting of the Venice board of education Monday night. The decision to award an "outside" contract, rather than continue the practice of the school district operating its own three-bus system, was reached following a study of the financial advantages, which showed a savings of \$839 annually by utilizing Bi-State. Supt. John O. Pier, in recommending the changeover, said extensive repairs are needed by two of the three school buses owned by District Three before operating conditions. Estimated cost of repairs to one bus was quoted by Pier as over \$1000, while a second vehicle, which he said needs replacing, would cost approximately \$6500. The sum of \$15,964 was spent in bus transportation expenses during the past school year, Pier said. This included operation of three buses for Lincoln and Venice schools and kindergarten pupils, plus bus maintenance, upkeep and insurance. Bi-State's bid for the same services amounted to \$15,945. Board members approved transfer of \$2000 from the work-

Explorers Post Six members going to Ironton, Mo., Saturday night to begin a one-week "chuckwagon expedition" along the Team Shuk trail will include Bob Eckert, Gene Sternberg Jr., Donald Tivenburgh Jr., Dave Williams, Larry Beadle, Terry Rose, Warren Evans and Tom Hewlett. They will be accompanied by Donald A. Beck, advisor of the Concordia Lutheran Church post, and George Civar, associate advisor. The hikers will carry water, lunches and first-aid kits, while a station wagon operated by explorers on a rotating basis will carry camping gear, food and personal gear. Destinations will include Shepherd Mountain Lake, Johnson Shut-Ins State Park, Coggins Mountain, Cook Springs Recreation Area and Loggers Lake—a national forest campsite south of Bunton, Mo.—where the group will spend next Wednesday night and recreation. Later points visited will be Round Springs State Park, the Current River, Akers Ferry and Montauk State Park, the latter marking the end of the trek Saturday night, Aug. 22. The 1964 "superactivity" follows canoeing trips held by Post Six annually for the past six years.

## SIU Final Exams To Start Aug. 24

A five-day schedule of final examinations beginning Monday, Aug. 24, has been set by the SIU registrar's office at Carbondale. A two-day examination period was held Aug. 5-8 for students enrolled for eight-week summer classes. Most students are enrolling for the full 12-week summer session.

## If in Doubt--File for Social Security Disability

"Eyes though an applicant may not be found eligible for social security disability insurance payments he still may have gained an advantage by filing a claim for these benefits", Ralph Brasher, Social Security district manager East St. Louis, said today.

He explained that applicants are referred to the State Vocational Rehabilitation Agency. These agencies have helped many disabled persons to overcome their handicaps and become self-supporting.

Brasher said the requirements for disability payments under the social security program are: (1) that the individual has worked at least five of the ten

years before his impairment prevented him from working; and (2) that his condition be one that prevents him from doing any substantial work.

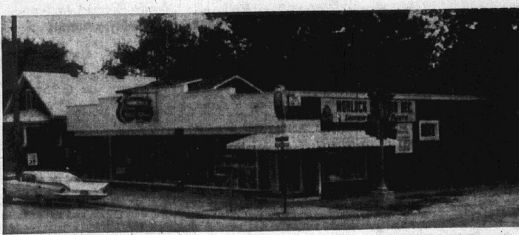

He cautioned that application for the disability payments must be filed within 18 months after the disability began, since any further delay could mean a loss of benefits.

"The fact that an individual has been found eligible for cash disability benefits does not mean that he can never work again", Brasher said. "The social security law provides that his payments will continue for a trial period and he may receive payments for as long as 12 months after returning to work. In this way, the law encourages a disabled beneficiary to return to work, if he can possibly do so."

Brasher pointed out that dependents of disabled workers may also be eligible for cash benefits and stress the fact that the law also provides benefits to the disabled sons and daughters

of workers who have retired or died. In such cases, the son or daughter must have been disabled before age 18.

He urged anyone having any questions about this part of the social security program to call Edwards street, while it was a hole out of the storm window parked in front of his home Monday afternoon.

### Dogs to Have Their Day: Graduation--with Diploma

Graduation ceremonies for the summer season aren't over, after all. The first graduating ceremony for a class of Granite City dogs who have completed an "obedience" course sponsored by the Granite City park district will be held at Wilson park this evening—complete with signed diplomas and a trophy award for the dog with the highest grades.

The awards will be made by John Birdsong, director of the Park District Community Center who handles the dog training program during summer months. He said diplomas will be awarded to 15 dogs and their masters who have been attending "class" once a week for the past 10 weeks. Birdsong explained he doesn't really teach the dogs...

he teaches the masters how to train the dogs. Grading is based on response of the "pupils" to a series of commands, and the dog with the highest grade will receive a trophy. All will receive signed diplomas. Another class that has been attending instructions on Monday nights will attend another graduation ceremony to be arranged soon.

New classes will start in September and any dog owner may enroll with his dog now. A dog must be six months of age, or older, and a choice chain collar and an obedience lead is necessary equipment to attend the course. Birdsong said he has trained about 50 dogs and "people" so far and the program is meeting with enthusiastic re-

### Venice Firemen Answer 3 Weed Fire Alarms

Venice firemen answered alarms to three weed fires, two of them at the same location Monday afternoon. First call was to Hyman-Michael salvage yard at 1310 Broadway, where old rail ties and weeds had become ignited about 2:30 p.m. Twenty minutes later firemen were called to the vicinity of Purdy Co. on Washington avenue for a weed fire.

Shortly after 5 p.m. a second alarm to Hyman-Michael was received. In each instance the fire was minor and extinguished in a short time.

Tonight's ceremony is to be held from 6:30 p.m. to 8:30. **AUTO AIR-CONDITIONING FROM \$269. HUNDLEY PONTIAC**

### Graduation--with Diploma

Graduation ceremonies for the summer season aren't over, after all.

The first graduating ceremony for a class of Granite City dogs who have completed an "obedience" course sponsored by the Granite City park district will be held at 7:30 p.m. this evening, complete with signed diplomas and a trophy award for the dog with the highest grades.

The awards will be made by John Birdsong, director of the Park District Community Center who handles the dog training program during summer months. He said diplomas will be awarded to 15 dogs and their masters who have been attending "class" once a week for the past 10 weeks. Birdsong explained he doesn't really teach the dogs...

### 3 Weed Fire Alarms

Venice firemen answered alarms to three weed fires, two of them at the same location, Monday afternoon.

First call was to Hyman-Michaels salvage yard at 1310 Broadway, where old rail ties and weeds had become ignited about 2:30 p.m. Twenty minutes later firemen were called to the vicinity of Pindy Co. on Washburn street, where weeds were burning.

Shortly after 5 p.m. a second alarm to Hyman-Michaels was received. In each instance the fire was minor and extinguished in a short time.

Tonight's ceremony is to be held from 6:30 p.m. to 8:30 p.m.
